Tax Collector's Report

The tax commitment was received this year Aug. 18th, 1947.
 This means that a Tax Mortgage Lien cannot be used until after
 eight months have elapsed.
 This accounts for the taxes on real estate not collected.

RALPH L. MORTON, Collector.

STATE OF MAINE
State Department of Audit
Augusta

February 19, 1948

Board of Selectmen
Farmington
Maine

Gentlemen:

In accordance with Chapter 16, Section 3 of the Revised Statutes of 1944 and at your request, the records of the Town of Farmington have been audited by Auditor R. M. Parsons for the period February 4, 1947 to February 7, 1948 inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying Comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated. All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,

State Auditor.

COMMENTS

Re: Audit of Accounts — Town of Farmington
February 4, 1947 to February 7, 1948

CASH

The cash receipts were checked in detail to the Treasurer's cash-book and were found correctly recorded. All monies receipted for were deposited promptly. The cash balance of \$20,168.22, at February 7, 1948, was reconciled with the depository bank.

All expenditures were made by check and were supported by properly authorized warrants.

INVESTMENTS

The investments were checked and are listed on Schedule A-1.

ACCOUNTS RECEIVABLE

The items in this account total \$5,110.24, which amount is made up of prior years' accounts totaling \$888.97 and current accounts of \$4,221.27, all of which appear to be collectible.

TAXES RECEIVABLE

The 1947 tax commitment was added and checked and found to be in agreement with the records of the Assessors. Collections and abatements accounted for approximately 97% of the current commitment.

The 1947 taxes remaining unpaid total \$4,520.78 and the detail of these items is shown on Schedule A-12.

The amount of \$18.95 was found to be due from the Tax Collector and has been set up as an account receivable.

All transactions affecting prior years' unpaid taxes were checked, and the items remaining unpaid are shown on Schedule A-13.

TAX LIENS

The transactions affecting tax liens were checked and found to be correctly recorded. The tax liens remaining unpaid total \$567.89 and are shown on Schedule A-14.

TAX DEEDS

There was no change in this account during the year.

ACCOUNTS PAYABLE

The accounts payable total \$420 and represent salaries of town officers which remained unpaid at the close of the municipal year.

NOTES PAYABLE

The notes payable outstanding total \$12,000 and represent loans for the purchase of equipment.

BONDS PAYABLE

The bonds payable total \$44,000 and represent school bonds of \$20,000 which mature \$5,000 annually, and Community Building bonds of \$24,000 which mature \$6,000 annually.

NET DEFICIT

The Net Deficit of \$52,966.91 at February 4, 1947 was reduced during the current year by \$10,278.30. The factors contributing to the net reduction in this account are presented on Exhibit E of this report.

TRUST FUNDS

The trust fund investments were examined and found to be in order. The detail of the investments is presented on Schedule A-10.

As far as could be determined, all income withdrawn from the various funds was expended in accordance with the terms of the trusts.

GENERAL

Corporate surety bonds were furnished by the Tax Collector and the Treasurer in the amount of \$10,000 and \$15,000 respectively.

The excise tax receipts were added and checked and with the exception of \$15.37 due from the Tax Collector, all collections had been deposited with the Treasurer.

During the course of our examination of the excise tax receipts, it was noted that in at least one instance credit had been allowed on more than one transfer, therefore, it appears that \$33.27 is due on 1947 excise tax receipt No. 1592 issued August 15, 1947.

Paid vouchers were examined to the extent deemed necessary and as far as could be determined from this examination, all charges appeared to be proper and correctly recorded.

During the course of this examination, it was noted that several interdepartmental transfers had been made during the year by war-

rants. In order to reflect the actual receipts and expenditures, all such transfers should be made by journal entry.

The deductions for Withholding Taxes and Teachers' Pensions were examined and found to have been properly handled.

Attention is invited to the overdrafts reflected in several appropriation accounts, the summary of which appears on Exhibit D. An opinion rendered by the Attorney General reads, in part,

"The municipal officers are bound by the terms of the articles in the warrant calling the meeting providing for the expenditure of money. The officers should not spend more than the taxpayers appropriated at town meeting, unless the statute expressly authorizes an expenditure in excess of the appropriation."

The provisions of Chapter 84, Section 81 of the Revised Statutes of 1944, however, relate to expenditures of monies for highway purposes and permit overdrafts in cases of emergencies to the extent of 15% of the appropriation.

The records of the various officials of the Town were found to be in a satisfactory condition.

The complete report of the audit is on file in the office of the Selectmen.

Report of Park Commission

Your park commissioners wish to report the following activities during the past year.

The honor roll on the common was painted and the names of our servicemen were attached in the proper places. The iron fence at the common was repaired by spot welding.

At Hippach Field the so-called "field house" was completely painted inside, locker rooms and main assembly room, and new flooring was laid where needed. A new hot water heater was installed and a new heater purchased for the main room. The unsightly wire in the fence in front of the former tennis courts was replaced by wood slats and the whole fence painted. The septic tank was cleaned and enlarged by building in laterals.

A power mower was purchased and the grass at Hippach Field was cut all through the summer. The mower was also used at the common when needed. Rental at Hippach Field was sufficient to provide for this maintenance cost. The field was completely top dressed with fertilizer and lime.

Between four and five thousand yards of dirt were given to the town by the state, and this was used to increase the size of Hippach Field. The only expense to the town was for leveling and grading. A good parking area has now been provided.

It is the wish of the present commission that some time in the near future the playing field will be enlarged enough to permit separate baseball and football surfaces. The field is used continuously from the time the snow melts until late fall and it is impossible to keep the diamond and gridiron in the desired shape under these conditions.

We anticipate needing a minimum of \$800 this next year in order to make essential repairs in the underpinning of the Hippach Field grandstand and to allow for ordinary expenses of operation. Our income from rentals will probably decrease this year because the new field at Wilton will be available.

The commission wishes to thank those who contributed labor and material last summer to help improve Hippach Field.

DAVID SMITH,
C. C. WEYMOUTH,
E. L. MALLETT.

Report of Superintendent of Sanitary Division

To the Selectmen of Farmington:

I offer you my report as Superintendent of the Sanitary Department. The space here is limited so I will not go into detail as much as I would like at this time. All the figures are in the office and can be looked over at any time by the tax payers of the town.

I will mention a few of the more or less important jobs that have been taken care of this past year. One is the five hundred foot extension on the eastern end of Maple Avenue. This sewer has been needed very much for the past three years. Now this extension alone will take care of the homes that are already there, also the new ones that are to be built this summer.

I believe there is an article in the warrant this year for a further extension.

The eight hundred foot line that should have been laid on Lower Main Street had to be put off until spring, due to the fact that the new road that was built on Water Street, West Farmington, had to be taken care of at this time.

The old sewer line that was there for a number of years was in the centre of the road and not deep enough; this meant the replacement of the 8 inch pipe that was damaged when the road bed was dug up. New connections were made to all the houses so there need be no digging up of the new street.

The price of sewer pipe has more than doubled this year, therefore it required more money than we thought at the budget meeting.

At the time the Maine Consolidated Power Company made the excavation for their new building five sewers had to be laid over in a new location. A new modern manhole was built at that time near the south corner of the new building; this will serve as a manhole and sand trap for all sewers in that location for years to come.

Last of all we had to lay a steel 8 inch pipe across Tannery Brook back of Corson's mill. This pipe was carried out last year by the ice. The old pipe was tile, this we replaced with **steel**.

We have had about the same number of roots and other obstructions to remove this year from the main lines.

Respectfully offered,

RALPH L. MORTON,

Supt. of Sanitary Div.

Report of Health Officer

To the Selectmen:

I submit at this time my report as Health Officer for the Town of Farmington. I have reported sixty-two cases of communicable diseases to the State Health Department at Augusta this year.

We have had one case of active tuberculosis so far this year, this case is now being taken care of.

A careful check has been kept on the drinking water supply during the past year, at no time has it been found anything but O. K.

One family has been quarantined for scarlet fever this winter.

All the schools have had a regular inspection as to the sanitary condition of both the grounds and the rooms themselves. During the month of March I had public vaccinations for smallpox, this complies with the state law. I think on the whole the town has been very lucky so far when you take into consideration the small amount of rainfall this year. As you all know, low water is often the cause of a number of diseases.

At this time I would like to tell the people of Farmington that their Restaurants and Hotels rank with any in the State in reference to their sanitary conditions. In my inspections of these I have found very satisfactory conditions at all times.

My only suggestion this year would be to have a rat extermination at the town dump early in the spring.

Respectfully yours,

RALPH L. MORTON,

Health Officer.

Town Clerk's Report

To the Selectmen of the Town of Farmington:

Gentlemen: The following number of returns of births, marriages and deaths, have been made to this office for the year from February 1, 1947, to February 1, 1948.

BIRTHS

Number of Births	420

In Farmington, March 10, 1947, Effie Mae Churchill, age 74 years, 1 month, 21 days.

In Portland, March 10, 1947, Ralph Knowlton, age 67 years, 6 months, 10 days.

In Farmington, March 11, 1947, James Perin Whorff, age 83 years, 4 months, 24 days.

In Farmington, March 19, 1947, Carol Doris Kennedy of Phillips, age 17 hours.

In Temple, March 20, 1947, Charles Price Barden of Temple, age 11 months, 6 days.

In Farmington, March 20, 1947, Fred Weston Milliken Stanley, age 82 years, 5 months, 20 days.

In Chesterville, March 23, 1947, Guy Currier of Chesterville, age 56 years, 1 month, 10 days.

In Farmington, March 31, 1947, Olive Hines Harris, age 91 years, 4 months, 29 days.

In Farmington, March 31, 1947, Vance Cherlie Whitney of Phillips, age 71 years, 4 months, 6 days.

In Farmington, April 5, 1947, Baby Boy Howard of Salem, age 1 hour.

In Auburn, April 7, 1947, Charles Oldham of East Dixfield, age 81 years, 2 months, 26 days.

In Farmington, April 7, 1947, Harry James Bachelder of Chesterville, age 15 years, 9 months, 4 days.

In Farmington, April 10, 1947, John A. Grant of Wayne, age 71 years, 11 months, 28 days.

In Farmington, April 16, 1947, Barbara Mary Webster, age 2 hours, 5 minutes.

In Farmington, April 17, 1947, Donald B. Stewart, age 41 years, 8 months, 14 days.

In Farmington, April 19, 1947, Mary Belle Hayes Perham, age 89 years, 9 months, 27 days.

In Farmington, April 27, 1947, Alton L. Wolcott, age 79 years, 8 months, 1 day.

In Farmington, April 28, 1947, Josephine H. McLeary of Phillips, age 75 years, 4 months.

In Farmington, April 28, 1947, Lovina A. Cook, age 88 years, 5 months, 12 days.

In Farmington, April 29, 1947, Byron M. Small, age 83 years, 9 months, 27 days.

In Farmington, May 4, 1947, Emma C. Dodge of Livermore Falls, age 80 years, 4 months, 16 days.

In Farmington, May 7, 1947, Robert Albert Blake of Kingfield, age 51 years, 1 month, 16 days.

In Farmington, May 15, 1947, George T. Simonds of Industry, age 81 years, 7 days.

In Farmington, May 23, 1947, Edwin P. Rackliff, age 77 years, 3 months, 23 days.

In Farmington, May 28, 1947, Jean Ellen Smith of New Portland, age 4 days.

In Phillips, May 30, 1947, Alsie A. Rollins of Phillips, age 52 years, 16 days.

In Farmington, June 5, 1947, Jane Hoffman of Rangeley, age 77 years, 9 months, 1 day.

In Farmington, June 7, 1947, Elmer Augustus Brown, age 86 years, 3 months, 9 days.

In Farmington, June 11, 1947, Archie S. Pratt, age 67 years, 1 month, 7 days.

In Bangor, June 11, 1947, Theo Iva Swain of Starks, age 51 years, 3 months, 5 days.

In Farmington, June 15, 1947, Virgil Harold Bishop of East Dixfield, age 9 months, 4 days.

In Augusta, June 22, 1947, Lois J. Hawes, age 83 years, 2 days.

In Vassalboro, June 27, 1947, Frank A. Skillings of Vassalboro, age 69 years, 3 months, 6 days.

In Farmington, June 28, 1947, Marilyn Barker of Industry, age 16 years, 9 days.

In Farmington, June 29, 1947, Hartland E. Adams, age 44 years, 3 months, 22 days.

In Farmington, July 7, 1947, James M. Sample of Strong, age 78 years, 1 month, 25 days.

In Farmington, July 18, 1947, Emma P. Bonney, age 90 years, 11 months, 2 days.

In Farmington, July 23, 1947, Glendon Harry Hinds of Phillips, age 6 months, 1 day.

In Farmington, August 2, 1947, Teresa M. Verplast, age 81 years, 10 months, 1 day.

In Farmington, August 2, 1947, Baby Girl Ellison, age 2 days.

In Farmington Falls, August 6, 1947, Leonora B. Moore of Farmington Falls, age 83 years, 9 months, 5 days.

In Farmington, August 6, 1947, Augusta M. Gordon, age 70 years, 5 months, 1 day.

In Farmington, August 7, 1947, Nancy Louise Marson, age 7 months, 27 days.

In Quincy, Mass., August 9, 1947, Linnie R. (Billings) Washburn of Quincy, Mass., age 82 years, 2 months, 6 days.

In Hingham, Mass., August 13, 1947, Sarah Lincoln Hunter, M.D., of Machias, Maine, age 91 years, 1 month, 10 days.

In Farmington, August 16, 1947, Addie L. Pressey, age 74 years, 9 months, 10 days.

In Farmington, August 23, 1947, Charley R. Copp, age 74 years, 3 months, 7 days.

In Farmington, August 24, 1947, Weikko William Hellgren of Temple, age 23 years, 8 months, 15 days.

In Weld, August 29, 1947, Frank Dinsmore, age 91 years, 10 months.

In Farmington, August 30, 1947, Elizabeth Ann Ames, age 19 hours.

In Livermore Falls, September 2, 1947, Henry Oliver of Livermore Falls, age 79 years, 9 months, 28 days.

In Lewiston, September 6, 1947, Luienne C. Whittier of Lewiston, age 59 years, 5 months, 24 days.

In Farmington, September 10, 1947, George Milton Hatch, age 87 years, 10 months, 20 days.

In Dixfield, September 13, 1947, Effie Ethleen Carvill, age 71 years, 4 months, 18 days.

In Farmington, September 20, 1947, Roy F. Gammon, age 67 years, 7 months, 29 days.

In Farmington, September 21, 1947, Annie Eldridge Dill, age 81 years, 8 months, 13 days.

In Farmington, September 21, 1947, Mary M. Timberlake of Livermore, age 41 years, 19 days.

In Farmington, September 22, 1947, Arthur Fortier of Jackman Station, age 52 years, 5 months, 16 days.

In Waterville, September 26, 1947, Linda Bullen, age 8 days.

In Auburn, September 29, 1947, Carolyn E. Nottage of Auburn, age 79 years, 4 months, 16 days.

In Lewiston, October 2, 1947, Jeannette Elizabeth Blanchard, age 5 years, 6 months, 24 days.

In Livermore Falls, October 2, 1947, Orah J. Burbank of Livermore Falls, age 70 years, 8 months, 14 days.

In Farmington, October 3, 1947, Elmer D. Barker of New Vineyard, age 75 years, 2 months, 19 days.

In Sidney, October 4, 1947, Arthur Joseph Marcoux of Waterville, age 75 years, 4 months, 24 days.

In Farmington, October 6, 1947, Charles Lewis Smith, age 59 years, 5 months, 12 days.

In Portland, October 8, 1947, Rose Estelle Dunton of Portland, age 70 years, 1 month, 23 days.

In Farmington, October 8, 1947, Laura Cyr Belyea of Lewiston, age 54 years, 11 months, 23 days.

In Farmington, October 5, 1947, John Jerome Holley, age 78 years, 8 months.

In Farmington, October 10, 1947, Edmund Alphonzo Goodwin of Strong, age 76 years, 2 months, 7 days.

In Farmington, October 11, 1947, Charles Francis Clark, age 66 years, 5 months, 21 days.

In Farmington, October 11, 1947, Rufus O. Dyer of Temple, age 84 years, 1 month, 16 days.

In Farmington, October 21, 1947, Susie Maybelle Bishop, age 65 years, 5 months, 18 days.

In Pittsfield, October 25, 1947, Archie D. Bubier of Pittsfield, age 93 years, 2 months, 23 days.

In Farmington, October 26, 1947, Ethel Louise Wright, age 59 years, 5 months, 16 days.

In Farmington, October 26, 1947, Sidney S. Linscott, age 3 days.

In Braintree, Mass., October 27, 1947, Myrtelle Butler (Vaughan), age 76 years, 8 months, 6 days.

In Farmington, October 28, 1947, Frederick H. Haggett of South Portland, age 57 years, 11 months, 24 days.

In Cumberland, October 30, 1947, Allan B. Blanchard of Cumberland, age 78 years, 11 months, 27 days.

In Auburn, November 12, 1947, Charles H. Brown, age 88 years, 6 months, 10 days.

In Farmington, November 13 1947, Baby Boy Espeaignette of Strong, age 45 minutes.

In Farmington, November 15, 1947, Carroll N. Blackwell of Free-man, age 88 years, 9 months, 14 days.

In Farmington, November 17, 1947, Raynard Knox, age 9 days.

In Farmington, November 20, 1947, Blenda N. Pearson, age 68 years, 8 months, 14 days.

In Farmington, November 20, 1947, Rita E. Durward of Rangeley, age 67 years, 6 months, 9 days.

In Farmington, November 22, 1947, Elden D. Hall, age 56 years, 25 days.

In Farmington, November 23, 1947, Serena M. Newell of Strong, age 62 years, 5 months, 22 days.

In Lewiston, November 24, 1947, Helen M. Curtis of Lewiston, age 68 years, 8 months, 3 days.

In Fairfield, November 26, 1947, George W. Rathey of Phillips, age 67 years, 7 months, 2 days.

In Farmington, November 29, 1947, Joyce Ann Yeaton of East Wilton, age 3 hours, 50 minutes.

In Farmington, November 29, 1947, Lena E. Page, age 75 years, 9 months, 7 days.

In Augusta, December 2, 1947, Jennie M. Newman, age 81 years, 8 months, 18 days.

In Portland, December 12, 1947, Jean Makepeace, age 58 years, 1 month, 25 days.

In Farmington, December 17, 1947, Moses Whitman Toothaker of Phillips, age 75 years, 1 month, 18 days.

In Farmington Falls, December 19, 1947, Cordelia Helen Forgette of Wilton, age 89 years, 10 months, 17 days.

In Farmington, December 21, 1947, Gertrude Brown Holman, age 70 years, 11 months, 14 days.

In Farmington, December 27, 1947, Fred Lewis Knowlton, age 85 years, 1 month, 25 days.

In Farmington, December 28, 1947, Maria C. Soule, age 88 years, 11 months, 18 days.

In Farmington, January 3, 1948, Mabell Elizabeth Payden, age 79 years, 9 months, 27 days.

In Farmington, January 3, 1948, Linda Louise Grover of Wilton, age 1 day.

In Farmington Falls, January 7, 1948, R. Hanley Corbett of New Sharon, age 78 years, 3 months, 4 days.

In Farmington, January 9, 1948, Flora D. Keith, age 70 years, 4 months, 11 days.

In Farmington, January 11, 1948, Vodisa Greenwood Magoon, age 59 years, 3 months, 4 days.

In Farmington, January 10, 1948, James George Jellison of Wilton, age 65 years, 4 months, 21 days.

In Farmington, January 26, 1948, William J. Pond, age 7 months, 26 days.

In New Sharon, January 27, 1948, Mabel Etta Sawyer of New Sharon, age 67 years, 11 months, 28 days.

In Farmington, January 31, 1948, Rhoda I. Knowlton, age 92 years, 2 months, 11 days.

Respectfully submitted,

LEON R. GOODWIN,

Town Clerk.

Report of Farmington School Department

To the Superintending School Committee:

Submitted herewith is my annual report of the schools of Farmington for the fiscal year 1947-48.

Any school system needs constantly to be appraised and evaluated in terms of its contribution to the individual that he may better become a valuable member of society. Frequently there is heard a demand for schools "to go back to fundamentals" in education, but far too often the conception of fundamentals is limited and narrow. There is hearty agreement that schools need to move toward fundamentals; however, the direction is forward, not backwards. Development of the basic skills of reading, writing, arithmetic and spelling are essential fundamentals only as they contribute to the growth of a well rounded personality which is an asset to society. Good health habits and proper care of the body are as fundamental and important as ability to diagram some technically involved sentence. Ability to play harmoniously and agreeably with ones playmates is truly as fundamental as ability to follow the admonition that "children should be seen and not heard." Ability to follow directions, to do errands about the home and community and to handle money for shopping purposes is as fundamental as ability to perform the mental gymnastics called for in some arithmetic problems. Ability to use the telephone in ones home, knowledge of the fire and police protection of ones home community and acquaintance with ones home post office are as fundamental, basic and essential as vicarious learning about similar things in New York City. Participating in a good game of baseball, football or basketball and learning from actual experience how to give and to take and how to win or to lose in sportsmanlike manner is as fundamental as reading how some Horatio Alger did it. Ability to typewrite is as fundamental for some pupils as artistic penmanship. A knowledge of the problems confronting us as a democratic state and nation is as fundamental as knowledge of the problems confronting Ancient Greece and Rome. A knowledge of the history, geography and government of present day Russia, Germany and Italy is as fundamental as a knowledge of the Ancient

States surrounding the Mediterranean. Ability to operate a lathe and to shape things from wood and metal is as fundamental to some pupils as memorization of Archimede's Principles and the Laws of Boyle and Pascal. Driver and safety education are as generally fundamental as the theoretical physics which many pupils study. Appraisal and evaluation of any school system should be made in the light of the latest and best in present day educational practices and knowledge. Every good school system today is vitally concerned with the growth of the child and how that growth takes place. In order to achieve efficient results teachers need, in greater abundance than are provided in most systems, time, facilities and aids for studying their pupils. Classrooms with thirty to forty pupils, classrooms with broken and difficult-to-move seats and desks, classrooms without facilities for excursions, classrooms with cramped quarters and classrooms lacking in good health and sanitary facilities cannot function with maximum efficiency.

School costs in Farmington have advanced materially during the past fiscal year, yet it cannot be maintained that present costs are exorbitant. The present school tax rate (.01343) for the year 1946-47 based on state assessed valuation was lower than the average (.01855) for the state and placed Farmington in the very lowest bracket as far as state subsidy for teaching positions is concerned. The school tax rate (.01629) for the year just ended is somewhat higher but is still below the average (.02243) for the state; however, the town will come within the next higher bracket for subsidy for teaching positions which gives a return of \$490.00 each.

An analysis of the budget reveals an increase of \$7,950.00 in the regular school accounts over that of last year. Of this total increase, \$6,080.00 goes to the state for increases in our contractual relations with the State Department of Education. In other words, the total increase in appropriations requested for schools which are wholly town controlled amounts to \$1,870.00. Further analysis reveals that this increase still produces a tax rate below the current average rate for schools for the state as a whole.

The fire at West Farmington last spring resulted in only minor damage to the building and was fully covered by insurance. Repairs from this fire included shingling the roof, installation of a new ceiling in one classroom, redecorating the walls throughout the building and refinishing the floors. These repairs together with the repainting of

a year ago puts the building in better condition than it had previously been for some time. Regrading and enlarging the playground area are badly needed here.

The building at Fairbanks was repainted last summer and now needs some masonry work done to preserve the foundation. On the interior, improvement of the sanitary facilities and new seating accommodations are the most urgent needs.

No work has been done at Farmington Falls school building during the past year other than the usual summer renovating. The interior of the building is in need of redecorating, sanitary facilities should be brought to the first floor and the playground facilities and area should be improved. On the present location it seems almost impossible to enlarge the playground area, but the playing surface could be improved by grading. As a matter of safety to the children and protection to neighborhood property, the entire lot should be fenced with durable playground fencing.

Little in the way of repairs has been done at the Red School for several years. The interior was repainted three years ago and repairs of a more or less temporary nature were made on the foundation four years ago. These two things both need attention again, particularly the foundation which should be permanently put in condition. The building needs to be repainted on the outside, and there are other minor repairs which should be attended to inside, both in the classroom and the shed. The playground at this school should also be fenced with playground fencing.

General renovating in the high school building seems to be a continuous process. During the past four years the interior has been completely redecorated, and rooms which were first done need now to be done again. The painted portions of the exterior of the building also need painting.

This year in accordance with the Mallett School contract the town is assuming responsibility for repairs in that building. Already several classrooms and the corridors have been repainted as well as the exterior wood finish. During the coming year some money should be expended in the boiler room to improve the heating efficiency of the furnace, and it is hoped that additional classrooms can be redecorated.

The tabulation below is the latest enrollment in the schools as reported by the teachers:

Grade	PP	1	2	3	4	5	6	7	8	9	10	11	12	Sp.	To.

	95	72	72	72	59	55	60	55	43	73	62	54	55	1	828

If the present enrollment in Farmington schools is any indication of future enrollment trends, it would appear that the town will face a school-housing shortage in the very near future. To say that the pupils from West Farmington, Fairbanks, and Farmington Falls now in the upper grades at the Mallett School can be returned to their respective districts is not a solution to the problem. These teachers

with multiple grades in a room are already carrying as heavy and in some cases heavier loads than they ought for a good school program. Furthermore, the buildings themselves are not constructed to accommodate more pupils than they now have and meet present day educational standards. Neither would it be economically sound or wise to try to construct in each of these communities modern elementary buildings which would meet their needs. Because of this it would hardly be fair to the pupils of those districts to deny them completely the facilities and comforts of a building such as the Mallett School. All pupils of the town, regardless of where they live, are entitled to somewhere near equivalent school building facilities.

The town of Farmington apparently has the facilities to house its school population but it can hardly be said that school-housing facilities meet the needs of its boys and girls. If Farmington is to avoid the problems which some believe confront the youth of today and meet successfully their needs, it must presently survey its school structures and plan to revamp, remodel and renew them in the light of present day and future needs of its school population. Most of us would not be satisfied with an automobile of the 1910, 1920, 1930 or even 1940 vintage for either business or pleasure. Although school buildings are longer lived than automobiles, when they become out-moded or obsolete the urgency for remodelling and renewing is just as vital. Because it is honestly believed that a serious school-building situation confronts Farmington, an immediate school building survey is urged.

Farmington schools are offering work in several specialized fields such as music, art, industrial training, home economics and physical education. For several years excellent work has been done and continues to be done in most of these fields, and this is not an attempt to give undue credit to one and overlook the others. However, I should like to point out that the Farmington program in Physical Education in all the grades, which was started under the direction of Warren Pearl and is being expanded and continued under John Bodnarik, is looked upon by the State Director of Physical Education as one of the good model programs in the state and is frequently being recommended by him to other teachers in the state as a program worthy of visiting and observing.

Again this year we are grateful to the doctors in town who are giving their services in continuing a program of physical examinations

for pupils in grades one, three, six and nine as well as to those who are participating in high school athletics.

Attached to this report are reports of the Principal of the High School, the Supervisor of Art and the Supervisor of Music.

Respectfully submitted,

J. ARTHUR GREEN,

Supt. of Schools.

High School Principal's Report

To Superintendent of Schools, J. Arthur Green:

My report as principal of Farmington High School is herewith submitted.

Some events of the high school program occurring in the last half of the school year 1946-1947 will be mentioned.

The high school again sponsored winter-sports, basketball, baseball, and track, for the boys and winter-sports, basketball, and softball, for the girls.

During the Spring vacation twenty-three members of the senior class enjoyed an educational trip to Washington, D. C.

In May our school presented a program of three one-act plays. This program met with good response and afforded many students an opportunity to receive training in dramatics. We plan to make this an annual project.

Our newly formed band furnished music and paraded on Memorial Day under the auspices of the American Legion. Many favorable comments were received on the good showing made by the band. Our school orchestra and girls' choir participated in the Eastern Maine Music Festival at Bangor and the orchestra enjoyed a trip to Portsmouth, N. H., on the occasion of the New England Music Festival.

Our school annual, the Laurel, was published by the students near the close of the school year and was received as one of the best liked editions ever produced. Although the cost of printing the book was \$895.18, this obligation was readily met and reflects the creditable manner in which the business affairs of the publication were directed. Plans for a new edition this year are well under way.

At graduation on June 13, 1947, diplomas were awarded to forty-nine graduates. The following: Robert Bunker, Lee Millett, Richard Roy, John Newcomb, Lewis Newcomb, Maynard Towle, and Lawrence Churchill were granted diplomas on the basis of high school work previously completed plus diploma equivalency credit inherent to military service. Prizes awarded at graduation were as follows: Lauriston A. Smith Prize, First, Marion Bradley, second, Stanley

Ellsworth; Albert E. Knowles Prize, Louis Collette; Arthur W. Perkins Latin Prize, Marion Bradley; Balfour Plaque Award, Marie Johnson; Cora B. Cotheren Bequeath, Dorothy Comstock, Grace Bachelder, Scott Butterfield, Jeannine Redlevske, and Beverly Adams.

Of those completing their high school course last June twelve are continuing their education in colleges and four have entered nursing schools. Six graduates of the commercial course were placed in steady employment in local business offices.

The Fall term opened on September 3, 1947, with an enrollment as follows: Freshmen 73, Sophomores 62, Juniors 60, Seniors 55, making a total of 250. This represents a decrease of four under the opening enrollment of a year ago. Since the opening of the school year seven have entered, eleven have left and two have transferred, leaving a present enrollment of 244.

At the opening of school in September the teaching staff included: Richard Gould, Science; Marion Bryant, English; Walter Reed, Social Science; Georgianna Wilson, Commercial subjects; Madelyn Buck, Civics and General Mathematics; Elizabeth Lukens, General Business and Mathematics; Beatrice Woodworth, French, Latin, and Spanish; Leslie Whittemore, English; Thais Linscott, Home Making; Franklin Hannaford, General Shop; Charlotte Thompson, Biology and Girls' Physical Education; John Bodnarik Jr., Boys' Physical Education; Marah Webster, Art; Iola Perkins, Music; Jesse Myers, Band; and Melville Johnson, Mathematics and Principal.

It is gratifying to note that several of the members of the staff engaged in educational work or continued their in-service training by advanced study during the past summer. The nation-wide emphasis on education following the war has brought many reforms in both theory and practice. The up-to-date teacher must study and constantly advance in the profession in order to better meet the increasing demands of those charged with the responsibility of guiding youth.

In general the organization of the school remains the same this year as last. The morning session opens at 8:10 A.M., closes at 11:30 A.M., and includes four class periods. The afternoon session opens at 12:30 P.M., closes at 3:00 P.M., and includes two regular class periods followed by an extra period of forty-five minutes for co-curricula activities including rehearsals of the musical groups, club work, rehearsals of play groups, newspaper and school annual staff meetings, student council meetings and the like.

Football was continued as a Fall inter-scholastic sport and a

schedule of seven games was played. Although our team failed to win a single victory we fielded a well coached team which gave a good account of itself against stronger opponents. A good team spirit prevailed among the squad of players throughout the entire season.

The annual senior class play was presented in December before a large and receptive audience in the College Gymnasium. This annual project is one which captures the interests of many students of the senior class and is one of the major events of the school year.

The local American Legion Post has again this year contributed the sum of \$200 to aid in the development of our band. It is a pleasure to report that the band now includes about thirty members and is making good progress under the direction of Mr. Myers. The contribution by the Legion is to be used toward the purchase of new uniforms.

Barbara Blanchard and Marcelle Tardy of the senior class completed the requirements for graduation at mid-semester of the present year. These girls, having scholastic ability above the average successfully carried two courses in English during the last half of the third year and first half of the present year. All other requirements for graduation have been met.

Because of the condemnation of the Community Building, early last fall, our school has suffered a financial as well as an educational loss. Through the courtesy of the State Teachers' College we have had the use of the college gymnasium for basketball. Although the revenue from basketball, which largely supports all other sports, has fallen off at least fifty per cent the financial condition of the school at present is satisfactory. A statement of the general school account as of February 15, 1948 is as follows:

STATEMENT OF ACCOUNT

February 13, 1948

Cash	\$1,642 02	
Athletic Association		\$352 23
Athletic Insurance		34 33
Activities Fund		233 50
General Fund		24 51
Girls' Athletic Association		8 96
Junior Class Fund		160 08
Laurel Fund		365 57
Senior Class Fund		392 76
Sophomore Class Fund		70 08

The chaotic conditions resulting from the war period have had a decided effect on the general high school program. To return to higher standards is never so easy as to go in the opposite direction. It is encouraging that general improvement in the over-all school program is beginning to manifest itself in several respects. At the opening of school in September, during the corn harvest season, it was found unnecessary to open on a one-session basis, as in the four previous years because of labor conditions. There has been a marked improvement in school attendance this year and parents are less frequently requesting that their children remain away from class work for other than emergency reasons.

A major problem in public secondary education is that of developing on the part of students good habits of study which aid them in acquiring worthwhile attitudes, ideals, understandings, appreciations, and skills, basic to successful living. Even before the war, educators and thoughtful people had become quite conscious that the traditional secondary school curriculum was not well adapted to all the needs of youth. The high school program, on the whole, is still geared to the college preparatory courses although it is estimated that sixty per cent of high school students are not material for such courses. One of the urgent needs today is the need for a great increase in opportunities for successful experience for a large percentage of students who do not achieve success in academic studies. Our classes in general shop for boys and home-making for girls probably serve the needs of many students better than many of the traditional subjects. As our school continues to grow and improve its curriculum we may well consider courses dealing with Consumer Science, Safety Education, Community Living, and others fundamental to competent citizenship.

In closing may I take this opportunity to thank you for your helpfulness and cooperation in the administration of the high school work.

Respectfully submitted,

MELVILLE H. JOHNSON.

Report of Supervisor of Art

Mr. J. Arthur Green
Superintendent of Schools,
Farmington, Maine

DEAR SIR: ▪

I herewith submit my annual report as Supervisor of Art in the public schools of Farmington.

HIGH SCHOOL

Forty-eight pupils are enrolled in the High School art classes, twenty-one of whom are working two periods each week.

The classes meet four periods each Wednesday morning and three periods Thursday afternoon. Overcrowded conditions again make it necessary to hold the classes in the cafeteria which, as previously stated is very unsatisfactory. It is impossible to accomplish the amount of work, or to carry on some of the projects that could be done in a well equipped drawing room.

The course follows closely that of the previous year. The projects planned give a practical knowledge and application of design principles, color harmony and lettering. Some time is devoted to craft work, such as stencilling, block printing and simple book binding.

The aim of the course is to stimulate the creative ability, and to develop the individuality of the pupil.

Many of the students show more than average talent. It is a pleasure to help develop that talent along the special interests of the individual.

Plans are underway to decorate the cafeteria and to redecorate the walls of the coat room on the main floor.

MALLETT SCHOOL AND OTHER GRADE SCHOOLS

The course outlined for the grades is much the same as last year, subject to changes with the integrated projects. Much emphasis is placed on such projects. They stimulate the creative power and special interests of each pupil if planned and developed by the pupils themselves, under teacher guidance.

Each grade has two lessons a week by either the room teacher or the supervisor. The supervisor visits each outside school once a week.

Last May thirty-two posters, by High School and grade pupils were entered in the annual Poppy Poster Contest sponsored by the American Legion Auxiliary. The first award posters in the local contest were entered in the state contest. A seventh grade poster won first award from the state, making the eighth state award for Farmington.

Parents and friends interested in the Art classes are always welcome to visit the class rooms. Some of the work is always on display.

Respectfully submitted,

MARAH S. WEBSTER,

Supervisor of Art.

Report of Music Supervisor

Farmington, Maine
Feb. 11, 1948

Mr. J. Arthur Green
Superintendent of Schools
Farmington, Maine

DEAR SIR:

I herewith submit my annual report as Supervisor of Music.

HIGH SCHOOL

During the past year, the musical clubs have furnished music as follows:

February:	Two ball games Cabaret at Livermore Falls
May:	One-act plays State Music Festival Concert New England Musical Festival
June:	Four graduation events
October:	Kerensky lecture
November:	West Farmington Literary Club Parents' Night Mallett School Assembly
December:	Christmas programs over loud speaker Senior Play
January:	Three morning programs over loud speaker

Trips to other towns in and out of the state, high-lighted the activities of the musical clubs last year.

In February, the orchestra members chartered two buses for Livermore Falls, where they attended a cabaret sponsored by the high school. There they assisted local musical clubs and those from surrounding towns in presenting a program to a large audience. The program was followed by dancing.

In May, the members of the Girls' Choir and the Orchestra chartered two large buses and went to the Maine Music Festival in Bangor. There they presented selections and received very favorable comments. Through the courtesy of the principal of one of the audition buildings, the girls were allowed to record their selections, and the record was presented to our school.

The New England Music Festival was held in Portsmouth, New Hampshire, and the orchestra attended to present selections before judges. This trip also was made by bus, money being raised by a sale of concert tickets.

The registration in the musical clubs is as follows:

Girls' Choir	49
Mixed Choir	36
String Ensemble	15
Orchestra	42

From April 7-10, South Portland will entertain school musicians from high schools all over New England. These delegates will practice together in Chorus, Orchestra and Band and present three concerts during that time. This is an annual New England event, but the first time it has been held in Maine. Three members of the Farmington orchestra applied for membership and were accepted, so Farmington High School will be represented at this important meeting.

In addition to this, tentative plans are being made to attend the State and New England Festivals in May. Financing these trips is the biggest problem.

BAND

All who have heard the combined school band this year are aware of the excellent progress made by this organization under the capable direction of Mr. Myers. For details regarding this group, see elsewhere in the school report.

The musical clubs have been making use of the school's excellent public address system during the past three months. Each Wednesday morning some soloist or group presents one selection. This gives the musicians a chance to use the selections they rehearse, and the school a chance to hear what they are doing.

GRADE SCHOOLS

As in past years, music is taught once a week by the supervisor. The other music periods are in charge of the room teachers who do increasingly fine work in this line.

At the Mallett School the musical clubs have participated in the following events:

March:	Afternoon musicale to which parents were invited
	Grange
	Old South Opportunity Circle
April:	Operetta
May:	Repeat performance of operetta
	State Music Festival
	New England Music Festival
	Franklin County Teachers' Convention
June:	Graduation events
December:	Concert

This year the enrollment in the musical clubs is as follows:

Senior Orchestra	18
Junior Orchestra	15
Girls' Choir	45

At present the orchestras are working toward attendance at the festivals. The choir, assisted by many boys interested in music, is rehearsing an operetta which will be presented early this spring.

In closing, I should like to thank all who are helping to make music an important part of school life.

Respectfully submitted,

IOLA H. PERKINS,

Supervisor of Music.

ANNUAL TOWN MEETING WARRANT

To Ralph Morton, a Constable of the Town of Farmington, in the
County of Franklin, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Farmington, qualified by law to vote in Town affairs, to assemble in the Community Building on Middle Street in said Town, on the first day of March next, at ten o'clock in the forenoon STANDARD TIME, to act on the following articles, to wit:

Article 1 ✓

To choose a Moderator to preside at said meeting.

Article 2 ✓

To see if the Town will vote to accept the annual reports of the Town Officers.

Article 3 ✓

To see if the Town will vote to authorize the Board of Selectmen to employ a Town Manager in accordance with the provisions of Sections 16 through 19 of Chapter 80 of the Revised Statutes of 1944, Laws of Maine, as amended.

Article 4 ✓

To fix the powers and duties of the Town Manager. The law provides that he may be given the duties or any part of the duties of the Town Treasurer, Road Commissioner, Tax Collector and Overseers of the Poor.

Article 5

To see what sum of money the Town will vote to raise and appropriate for the salary of the Town Manager.

Article 6

To see if the Town will vote to raise and appropriate the sum of \$8,835 for the Salaries of the Town Officers.
Recommended \$8,835.

Article 7 ✓

To choose all necessary Town Officers for the ensuing year including a Road Commissioner.

Article 8 ✓

To see what sum of money the Town will vote to raise and appropriate for the support of Common Schools for the ensuing year.
Recommended \$25,950.

Article 9 ✓

To see what sum of money the Town will vote to raise and appropriate for Free High School for the ensuing year.
Recommended \$17,300.

Article 10 ✓

To see what sum of money the Town will vote to raise and appropriate for Industrial Education, including Teachers' Salary and Supplies, for the ensuing year.
Recommended \$42,000. 74,200

Article 11 ✓

To see what sum of money the Town will vote to raise and appropriate for purchase of Textbooks for the ensuing year.
Recommended \$2,400.

Article 12 ✓

To see what sum of money the Town will vote to raise and appropriate for School Supplies for the ensuing year.
Recommended \$2,400.

Article 13 ✓

To see what sum of money the Town will vote to raise and appropriate for repairs of School Buildings and Misc. for the ensuing year.
Recommended \$2,500.

Article 14 ✓

To see what sum of money the Town will vote to raise and appropriate for Insurance on school property for the ensuing year.
Recommended \$1,020.

Article 15 ✓

To see what sum of money the Town will vote to raise and appropriate to be expended for Physical Education.
Recommended \$4,650.

Article 16 ✓

To see what sum the Town will vote to raise and appropriate for salary and expenses of Superintendent of Schools for ensuing year.
Recommended \$2,130.

Article 17 ✓

To see what sum of money the Town will vote to raise and appropriate for the Conveyance of scholars to elementary schools for the ensuing year.
Recommended \$6,720.

Article 18 ✓

To see if the Town will vote to raise and appropriate the sum of \$1,000 to aid in the construction of a new basement at the Red School House.
Recommended \$1,000.

Article 19 ✓

To see if the Town will vote to raise and appropriate the sum of \$300.00, a corresponding amount to be contributed by the State, for the survey for a new High School building.

Article 20 ✓

To see what sum of money the Town will vote to raise and appropriate for Aid to Dependent Children, and Board and Care of Children.

Article 21 ✓

To see what sum of money the Town will vote to raise and appropriate for the Support of the Poor for the ensuing year.
Recommended \$4,000.

Article 22 ✓

To see what sum of money the Town will vote to raise and appropriate to defray Incidental Expenses for the ensuing year.
Recommended \$1,000.

Article 23 ✓

To see what sum of money the Town will vote to raise and appropriate for Office Maintenance.
Recommended \$2,200.

Article 24 ✓

To see what sum of money the Town will vote to raise and appropriate for Operation, Maintenance and Insurance on the Community Building.
Recommended \$3,500.

Article 25 ✓

To see if the Town will vote to raise and appropriate the sum of \$1,000 for Workmen's Compensation protection for Town employees.
Recommended \$1,000.

Article 26 ✓

To see if the Town will vote to raise and appropriate the sum of \$500.00 to complete the work in the Community Building kitchen.
Recommended \$500.

Article 27 ✓

To see how the taxes shall be collected, and when made payable.

Article 28 ✓

To see if the Town will vote to authorize the Selectmen to make a temporary loan or loans in anticipation of taxes at the lowest net cost to the town and to negotiate therefor to the lowest bidder after such notice to prospective bidders as the Selectmen deem expedient, the said note or notes to be for an amount which shall not exceed in the aggregate the total tax levy of the preceding municipal year, to be paid during the year in which they are issued out of money raised during said current year by taxes in accordance with the provisions of Section 96 of Chapter 80 of the Revised Statutes of 1944 as amended.

Article 29 ✓

To see what sum of money the Town will vote to raise and appropriate for the Abatement of Taxes for the ensuing year.

Recommended \$500.

Article 70

To see what action the Town will take in regard to overdrafts in various accounts during the year 1947.

Article 71

To see if the Town will vote to adopt the following ordinance: BE IT ORDAINED BY THE INHABITANTS OF THE TOWN OF FARMINGTON AS FOLLOWS: after the fifteenth day of April, 1948 it shall be unlawful for any person, firm or corporation to erect or suspend any sign or device over the streets or sidewalks of the Town without first obtaining a license from the Municipal Officers who shall grant such license when satisfied that such sign or device is to be erected in such a manner that it will not endanger the public. The license fee shall be one dollar. It shall be the duty of the Municipal Officers to inspect or cause to be inspected all existing signs or devices suspended or erected over the streets and sidewalks and to order the removal or repair of any such signs or devices found to be in unsafe condition.

Article 72

To see if the Town will vote to adopt the following ordinance:
BE IT ORDAINED BY THE INHABITANTS OF THE TOWN OF FARMINGTON AS FOLLOWS: after the fifteenth day of April, 1948 and publication of this ordinance three weeks successively in the Franklin Journal newspaper The Parking Ordinance limiting the parking and standing of vehicles as ordained by the Town at a Special Town Meeting on July 14, 1947, is hereby amended so that the street designations shall read as follows:

The whole of Broadway; Main Street from the Post Office (but not including in front of the Post Office) to Anson Street; From and including in front of the Fire House on High Street to Church Street; All of Church Street and the Westerly side of Main Street from the Sinskie Block to and including the land of Currier C. Weymouth.

Article 73

To see if the Town will vote to authorize the Board of Selectmen to borrow money not in excess of Fifteen Thousand Four Hundred Dollars (\$15,400.) and the Selectmen and Treasurer to execute notes in behalf of the Town to run for a period of not over five years. The sum of money so borrowed is to be expended by the Board of Selectmen for the Town's share of the cost of construction of Walton's Mills Bridge under the Bridge Act.

Article 74

To see if the Town will vote to remove the old watering trough and fountain on the Easterly side of Main Street by the County Court House, the expense of such removal to be charged to the Roads and Bridges Account.

Article 75

To see if the Town will vote to reappropriate the unexpended appropriation for the repair of the roof at the Community Building.

Article 76

To see if the Town will vote to discontinue the old road leading from United States Route Number Two near the residence of Harvey Gilbert to Bailey Hill or any part of said road.

Article 77

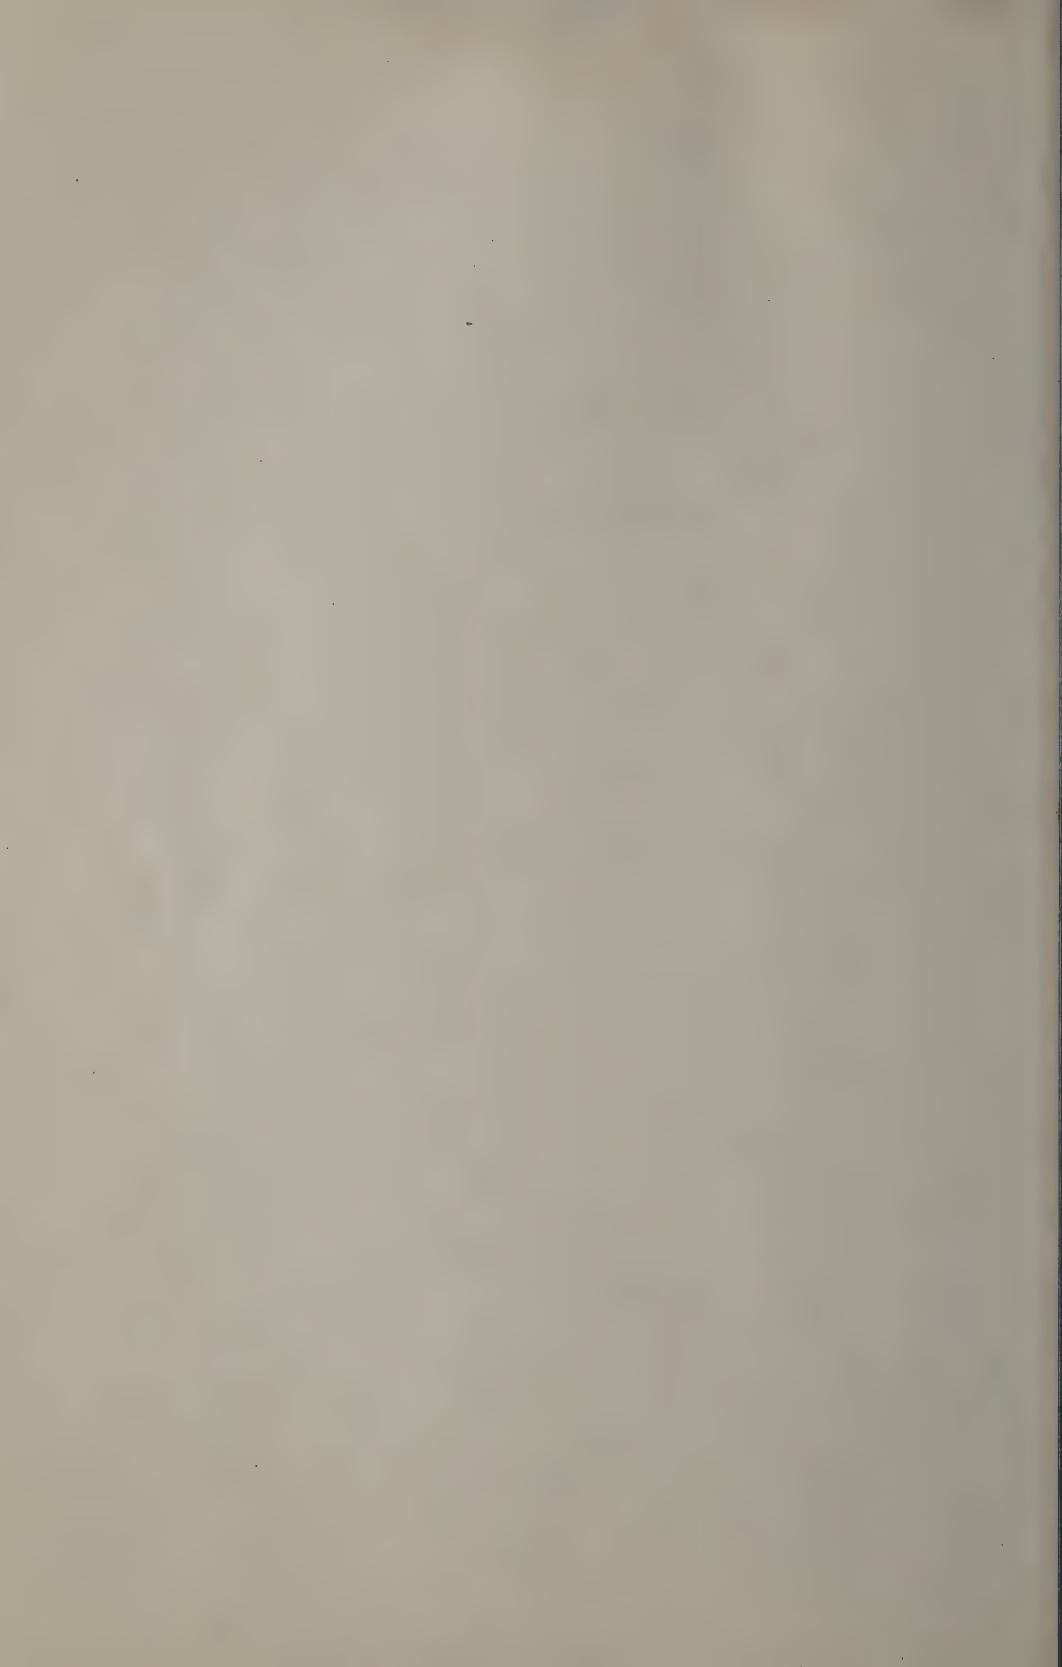

To see if the Town will vote to discontinue the old road leading around the crest of Bailey Hill near the residence of Harry Lambert, the said road being in non-use since the building of the new road over the crest of said hill several years ago.

The Selectmen give notice that they will be in session for the purpose of correcting the list of voters in said Town, and hearing and deciding upon application of persons claiming to have their names entered upon said list, at the office of the Selectmen on Saturday, February 28, 1948, at 2 o'clock P. M., and at 9 o'clock A. M. on the day of said meeting.

Given under our hands this 20th day of February, 1948.

HOLMES H. BAILEY,
FRANK O. BROWN,
LINWOOD J. YORK,

Selectmen of Farmington.

FARMINGTON

TOWN REPORT

1948

TOWN MANAGER GOVERNMENT

IMPORTANT

All taxpayers should read the following requirement and comply with it.

CHAPTER 81, SECTION 35 OF THE REVISED STATUTES, 1944

"Before making an assessment, the Assessors shall give seasonable notice in writing to the Inhabitants, by posting notifications in some public place in Town, or shall notify them, in such other ways as the Town at its annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they are possessed on the first day of April of the same year. If any resident owner, after such notice, or any non-resident owner after being reasonably requested thereto by the assessors does not bring in such lists, he is hereby barred of his right to make application to the assessors, or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer."

The Assessors hereby give notice that they will be in session at the Community Building on the first and second days of April, 1949, from 9 o'clock A. M. to 4 o'clock P. M. for the purpose above stated.

LETTER OF TRANSMITTAL

To the Board of Selectmen and Citizens of Farmington:

It is my privilege to present the first report under the Town Manager Form of Government.

It is a pleasure to address you through the medium of this report which summarizes the operations of the Town for the fiscal year ended January 31, 1949.

Services have been maintained during the year with a reasonable degree of success. While not spectacular general maintenance is still the major service rendered the community.

Welfare cases have been carefully investigated. Reasonable relief has been granted according to circumstances to residents of the Town who are in need, and who have no legally liable relations able to provide for them.

The statement of Departmental Operations shows many unexpended balances, and the Statement of Revenues and Expenditures shows that we have operated within our budget.

The wholehearted cooperation of the Board of Selectmen, the confidence of the Citizens and the faithful efforts of Town employees has made this a successful year.

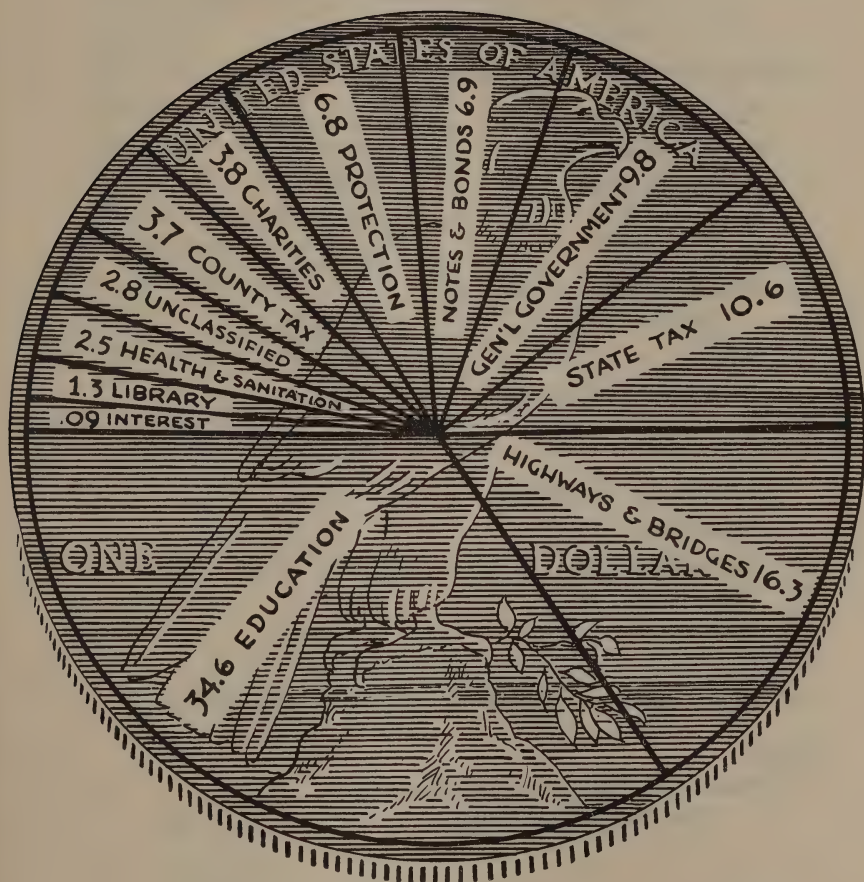

Respectfully submitted,

WALTER P. LEMKE

Report of Park Commission

February 19, 1949

The Park Commission realized repairs were necessary to the grandstand at Hippach Field and asked for funds in the 1948 appropriation. The condition of the stand was worse than the examination showed, in fact it was dangerous to use and the entire appropriation was used to repair it. The building is now set on concrete posts and after being painted should not need repairs for some time.

There was some income from the use of the field, including money from the High School.

The need for the community athletic field is becoming more pronounced each year. This last season there were several athletic organizations using the field from early Spring until late Fall making any maintenance to the grounds impossible without curtailing some of these activities, and it seems some thought should be given to enlarging the field by having the football field in the present outfield. This could be done without too much cost by removing the trees directly in front of the field house and a small amount of loam placed on the fill made in 1947. Then the field could be maintained at times when different parts of the field were used.

PARK COMMISSION 1948.

Annual Report of Public Health Nursing Services

FARMINGTON — 1948

The Public Health Nursing program with the continued support of the Farmington Health Council, which has provided some splendid committee chairmen for various types of health services, has made progress during the past year.

A serious situation arose when our nurse resigned the first of July. However, we were able to secure the part-time services of a well-trained public health nurse with good experience. This nurse was able to answer emergency calls. She also assumed the responsibility of the Farmington Child Health Conferences which have been greatly strengthened through the assistance of the conference committee chairman and additional enthusiastic committee members. These conferences for infants and preschool children have been held every month and the attendance is increasing steadily. The total attendance for the year of children who have been brought into these conferences now has passed the 200 mark. Each child attending receives a physical examination by a physician. Immunizations as indicated for smallpox, diphtheria and whooping cough have been given when requested by parents.

Home visits are also a very important part of the public health nurse's work in Farmington. This year over 50 visits were made to expectant and new mothers. Three hundred and twenty-seven infants and preschool children were visited in their homes. These visits were made by request or approval of the family physicians with whom the nurse works closely in all phases of health service.

Assistance in communicable disease control continues to be a vital part of the public health service of your nurse working with physicians, the local health officer, in the school and homes.

Tuberculosis control measures have been carried on by encourag-

ing former tuberculosis patients and contacts to take advantage of our regular X-ray clinics held in this area twice each year now.

Venereal disease patients and their contacts are visited when necessary to help them secure medical treatment or examinations.

Before this report reaches you we hope that a full-time nurse will have again been secured for Farmington and that the school health program may be going forward to the satisfaction of all.

At this time we wish to express our appreciation to the Health Council, the local health officer, the town manager and all in Farmington who have worked so earnestly for the promotion of better individual and community health.

Respectfully submitted,

RUTH E. HAWKINS, R. N.,

District Supervising Nurse.

In Farmington, June 24, 1948, Rose Etta Lake, age 65 years.

In Farmington, June 29, 1948, Willis Reuel Leavitt, age 72 years.

In Farmington, July 2, 1948, Baby Boy Moore, age 1 hour.

In Farmington, July 3, 1948, Charles William Buchanan of New Sharon, age 79 years.

In Farmington, July 4, 1948, Mabel Annette Woodcock Rowe of East Wilton, age 74 years.

In Farmington, July 4, 1948, Frank Stanley, age 80 years.

In Kingfield, July 10, 1948, Flora A. True of Phillips, age 92 years.

In Farmington, July 10, 1948, Henry Couture of Rochester, N. H., age 25 years.

In Farmington, July 12, 1948, Baby Girl Currier of Chesterville, age 1 hour.

In Farmington, July 12, 1948, Martha A. Jeter of Waterbury, Conn., age 49 years.

In Farmington, July 16, 1948, Baby Boy Phair of Livermore Falls, age 2 hours, 45 minutes.

In Farmington, July 18, 1948, Ernest E. Keene, age 66 years.

In Pittston, July 20, 1948, Florence E. Hawkins, age 80 years.

In Portland, July 21, 1948, Grace Evelyn Hatch of Portland, age 71 years.

In Farmington, July 21, 1948, Ruth V. Goings of New Sharon, age 51 years.

In Farmington, July 24, 1948, Eva Anne Bissonnette, age 10 months, 2 days.

In Farmington, July 27, 1948, Thomas Walker of East Wilton, age 71 years.

In Farmington, July 28, 1948, Bertha H. Norton, age 79 years.

In Farmington, July 31, 1948, Viola S. Chapman, age 90 years.

In Farmington, July 31, 1948, Mary Ellen Quinn of New Sharon, age 70 years.

In Farmington, August 6, 1948, Baby Girl Wright of Jay, age 1 day.

In Augusta, August 6, 1948, Henry Edgar Parker, age 74 years.

In Waterville, August 9, 1948, Rose M. R ny of Waterville, age 83 years.

In Waltham, Mass., August 17, 1948, Cora L. Hitchcock of Waltham, Mass., age 80 years.

In Farmington, August 25, 1948, Vernon G. Millett, age 81 years.

In Skowhegan, August 27, 1948, Walter Burton Fletcher of Skowhegan, age 92 years.

In Farmington, August 29, 1948, Napoleon Viellieux of Jay, age 77 years.

In Farmington, September 8, 1948, John S. Rackliffe, age 46 years.

In Togus, September 14, 1948, Harold S. Lewis, age 55 years.

In Belfast, September 16, 1948, Ida Hausen McNamara of Presque Isle, age 89 years.

In Farmington, September 30, 1948, Leon Gage of Strong, age 57 years.

In Farmington, October 1, 1948, Russell V. Safford of Dead River, age 73 years.

In Lewiston, October 5, 1948, Ronald S. Rowe of Auburn, age 3 months, 18 days.

In Farmington, October 7, 1948, Sylvia M. Richmond of South Portland, age 67 years.

In Farmington, October 10, 1948, Mary E. Stanley, age 80 years.

In Portland, October 12, 1948, Frances Eveline Wellman of Portland, age 62 years.

In Farmington, October 12, 1948, S. Tracy Stevens, age 60 years.

In Temple, October 25, 1948, Frank E. Smith, age 65 years.

In New Vineyard, November 7, 1948, Montell Gray, age 63 years.

In Farmington, November 7, 1948, Edna Gertrude Phinney, age 60 years.

In Lewiston, November 9, 1948, Mabel Crane of Skowhegan, age 58 years.

In Farmington, November 10, 1948, John DeRoche, age 59 years.

In Farmington, November 11, 1948, Carl Russell Butterfield of North Jay, age 77 years.

In Farmington, November 18, 1948, Herbert W. Brown, age 76 years.

In Stockton, Calif., November 18, 1948, Maurice Irving Hardy of Stockton, Calif., age 72 years.

In Farmington, November 24, 1948, George Anson Keef of Phillips, age 80 years.

In Farmington, November 27, 1948, Harold Albert Curtis of East Wilton, age 2 hours.

In Farmington, December 2, 1948, Aura E. Perham, age 75 years.

In Farmington, December 2, 1948, Linda Lee Soule, age 1 year.

In Farmington, December 5, 1948, Thomas Bonneau, Sr., age 75 years.

In Worcester, Mass., December 8, 1948, Alice B. Danforth of Worcester, Mass., age 80 years.

In Farmington, December 14, 1948, Jos. Michael Thomas Richards of Riley, age 2 days.

In Lewiston, December 15, 1948, Arthur B. Towle of Lewiston, age 82 years.

In Farmington, December 19, 1948, Lena C. Everett, age 71 years.

In Farmington, December 22, 1948, John B. Fellows, age 76 years.

In Farmington, December 23, 1948, Frank A. Russell, age 87 years.

In Lewiston, December 28, 1948, Fred Watson Albee of Lewiston, age 84 years.

In Chesterville, December 28, 1948, Charles Q. Fuller of Chesterville, age 75 years.

In Rumford, December 29, 1948, Vernon Edwin Foss of Houghton, age 41 years.

In Mt. Vernon, January 1, 1949, Charles Clayton Tarr of Mt. Vernon, age 81 years.

In Farmington, January 4, 1949, Baby Boy Fletcher, age 2 hours, 30 minutes.

In Farmington, January 8, 1949, Hector Antonio Roderick, age 58 years.

In Kingfield, January 13, 1949, Ashley Lloyd Parlin of Kingfield, age 1 month, 8 days.

In Farmington, January 13, 1949, Berchard Oliver Oram, age 29 years.

In Farmington, January 14, 1949, Flora McLay, age 84 years.

In Farmington, January 14, 1949, Earl Blaine Durrell of Wilton, age 68 years.

In Farmington, January 15, 1949, Charles H. Wilber, age 84 years.

In Auburn, January 17, 1949, Mary A. Longfellow of Augusta, age 83 years.

In Farmington, January 17, 1949, Bertram C. Chaplin of Strong, age 68 years.

In Farmington, January 23, 1949, Benjamin Erwin Orbeton of New Vineyard, age 63 years.

In Farmington, January 26, 1949, Rolande Georgia Coolong of Phillips, age 3 months, 29 days.

In Farmington, January 28, 1949, John Lendel Dyar, age 4 years.

Respectfully submitted,

LEON R. GOODWIN,

Town Clerk.

Report of Farmington School Department

To the Superintending School Committee:

My annual report of the schools of Farmington for the fiscal year 1948-49 is herewith submitted.

TRENDS

Three major factors in education today are tending to create an emergency situation in the public schools of the nation, and as each factor becomes more pronounced, the more accentuated and serious become the others. The factors tending to produce this situation are (1) a shortage of teachers, especially those trained to serve the needs of youth in the present day world, (2) a rapidly increasing school enrollment and (3) a shortage of school building facilities which will serve and meet present day educational needs.

Each of these factors presents a problem which the town of Farmington faces along with most other communities thruout the nation. Altho it might be expected that Farmington being the home of a teacher training institution would not be seriously affected by a teacher shortage, when it is considered that the combined teachers college and normal schools in the state will graduate fewer than 200 teachers in June 1949 to meet a normal replacement of over 1000, it cannot be expected that this town with comparatively low salaries and more than one grade to a teacher in some of its elementary schools will attract many of these much sought-after graduates of teachers colleges. It can readily been seen that mathematically each of these graduates is going to have an opportunity to accept more than five different positions. During the current year it was necessary to open school in September with three substitute teachers in the elementary grades, and in no case was it possible to replace these substitutes by regular appointees during the first two months of school.

As for increasing enrollments, our recent school survey estimates that our present enrollment of 517 in grades junior-primary thru six

will increase to 729 in 1955 and to 828 in 1959. The same survey estimates that the present enrollment of 348 in grades seven thru twelve will rise to 656 in 1961 and reach a peak of 746 by 1965. Following are the recorded births of the town of Farmington residents for a four year period and the resulting junior-primary entering grade five years later and in addition the births for the succeeding four years:

Recorded Births		Jr.-primary Enrollment	
Year	Number	Year	Number
1939-40	84	1945-46	72
1940-41	78	1946-47	81
1941-42	83	1947-48	99
1942-43	77	1948-49	97
1943-44	65	1949-50	?
1944-45	74	1950-51	?
1945-46	83	1951-52	?
1946-47	143	1952-53	?

From the above it can be estimated that in 1951-52 the junior-primary enrollment will be approximately 150 and that only in one year intervening will it fall below the 100 mark.

Present enrollments in the elementary schools would indicate that very few more pupils can be accommodated in those buildings without additional teaching staff and building enlargements. The average pupil load per teacher in these schools now is Briggs 29, Fairbanks 23 plus, Farmington Falls 24 plus, West Farmington 27 plus, Mallett School 32 plus. These averages approximate satisfactory teacher loads and to increase the number of pupils in any school would only tend to decrease the efficiency of that school.

It is commonly known that Farmington high school building does not accommodate the facilities necessary for the work being carried on since physical education and cafeteria services are provided in the com-

munity building and home economics work is cared for at the Mallett School. Altho music, art and drawing are taught in the high school building, facilities are not adequate for such work.

This brief resume indicates that Farmington is faced with serious schools problems which are produced by the factors of teacher shortage, increased enrollments, and a shortage of building facilities. To solve these problems will require the concerted efforts and best thinking of the entire towns-folk. Altho these problems demand immediate attention, no attempt should be made to solve them without planning wisely for the long-range, best interests of the town and the boys and girls of Farmington.

BUILDINGS

During the past year, summer and vacation renovating has included the repainting of classrooms at the Briggs School, Farmington Falls, the high school and the Mallett School.

At the Falls the fence has been rebuilt at the rear of the building and panic bars have been ordered for all outside doors. It is hoped that some grading improvements can be made in the school yard this year.

The foundation of the Briggs School has been repaired, a new oil-burning floor heater installed and the wood shed converted into an activity room. Much of the labor for these improvements was contributed by the neighbors in the community. It is now planned to re-shingle and paint the building in the spring.

Several classrooms were repainted at the Mallett School during the summer and improvements were made on the heating system. During the coming year the redecorating should be completed and more work done on the heating system to improve its efficiency.

The scheme of redecorating a few classrooms in the high school each year has been continued along with other minor improvements to the interior of the building. Early in the fall it was brought to our attention that certain fire hazards existed in the building and plans are now underway to reduce such hazards by the installation of insulating materials over the furnaces, a fire alarm system, more fire extinguishers, two fire escapes, and eventually fire doors in the boiler room.

STATISTICS

The tabulation below is the latest enrollment figures in the schools as reported by the teachers:

School & Teacher	GRADE												Total		
	Jr.	P.	1	2	3	4	5	6	7	8	9	10		11	12
Mallett															
Dorothy Sweatt	56														
Martha Nutting)															
Coralouise Lyford)	52														
Marietta Lowe		41													
Frances Hardy			37												
Ann Mason				36											
Eva Nickerson					35										
Grace Luce)															
Helen Whitney)							57								
Alice Stevens)															
Henry Martin)								57							
Harland Abbott)															
Myron Starbird)										56					427
West Farmington															
Madeline Green	13	21													
Lois Russell			14	14											
Jane Yost					11	9									82
Fairbanks															
Mary Newell	11	8	8												
Annie Voter				6	10	4									47
Farmington Falls															
Cathryn Keef	12	9	9												
Geraldine Brackett				7	8	4									49
Briggs School															
Beryl Stanley	4	5	2	5	2	5	2	3	1						29
High School											63	74	52	46	235
Total	96	95	74	69	67	57	59	60	57	63	74	52	46	86	9

The following tabulation is a comparison of budgetary needs for the coming year with those of last year:

Account	Appropriated 1948-49	Recommended 1949-50
1. High School	\$19,100 00	\$23,815 00
2. Elementary Schools	28,550 00	31,960 00
3. Conveyance	6,720 00	7,000 00
4. Incidentals		2,000 00
5. Textbooks	2,400 00	2,700 00
6. Supplies	2,400 00	2,700 00
7. Physical Education	4,650 00	2,325 00
8. Industrial Education	4,200 00	4,300 00
9. Equipment	800 00	800 00
10. Repairs	2,500 00	3,000 00
11. Insurance	1,020 00	1,115 00
12. Administration	2,130 00	2,330 00
	<hr/> \$74,470 00	<hr/> \$84,045 00

The first six items in the above tabulation are commonly known as school maintenance accounts. In connection therewith the school tax rate for Farmington based on state valuation figures was for the past year .01990 as compared with a state average of .02483 covering the same items. Using the same six items with the figures recommended for 1949-50 the Farmington rate based thereon will be .02360, or again less than the state average for the past year, and no doubt considerably lower than the state average for the coming year.

The tabulation below is a financial summary of school accounts for the past year for which the town regularly makes appropriations.

Account	Appropriation 1948-49	Total Receipts	Total Ex- penditures	Credit Balance	Debit Balance
High School	\$19,100 00	\$30,656 78	\$29,656 78	\$1,000 00	
Elem. Schools)	28,550 00	47,111 18	46,338 24	772 94	
Conveyance)	6,720 00

High School Principal's Report

To Superintendent of Schools, J. Arthur Green:

This year the high school began its session with seven new teachers including Mrs. De Bow in the commercial department, Miss Sinnamon in Spanish and girls' physical education, Mr. Carlson in boys' physical education, Miss Lee in language and mathematics, Miss Scales in social studies and science, Mr. Roberts in mathematics, and the principal.

Athletic activities open to the students were football, winter sports for boys and girls, basketball for boys and girls, baseball and track.

In football our small squad was faced with a schedule heavily studied with Class L schools (large schools) — opponents whom our lads faced with courage, if not with good fortune. With teams of our own class, Farmington High did very well generally, although losing every game. The two climax games with our old rival Wilton were lost by only one point each time before very large crowds. Out of fairness to our boys and everyone involved, next year our policy is to play only schools in our own class.

In basketball our boys, at the present writing, have a won-and-lost record of 15 and 4, with the team down to the finals in the county tournament and selected to play in the state Class M tournament — a truly outstanding record. Basketball attracted approximately 70 boys or more this year and consequently produced some fine material. Mr. Carlson was assisted in his coaching of both football and basketball by Mr. Roberts who directed the successful J. V. schedule.

Girls' basketball was less successful than boys and produced two wins against eight defeats. Since all regulars had graduated last June, our coach had to start the season with mostly inexperienced players, most of whom are returning next season.

Our winter sports team under Mr. Gould won two out of its three meets, and climaxed its season with an overwhelming defeat of the other schools at our winter carnival's county meet at the Titcomb Ski Slope. We thus won the first leg on the trophy given by Mr. Richard

Bell and by Mrs. Sarah Folger in memory of their father. All but one of our winter sports athletes will return for another year. A successful carnival ball was held at the time.

Baseball and track will be offered again this spring.

In the fall our Fair booth was managed by Mr. Hannaford, assisted by Mrs. Linscott, and did good business to aid our school treasury.

SCHOOL ACTIVITIES STATEMENT OF ACCOUNT January 31, 1949

Cash	\$2,134 26	
Freshman Class Fund		\$ 15 60
Sophomore Class Fund		51 22
Junior Class Fund		92 02
Senior Class Fund		518 88
Laurel Fund		235 88
General Fund		1,220 66
		<hr/> \$2,134 26

This year Mr. Reed was able to devote more of his time than previously to the highly important field of guidance. He accomplishes this with a testing program and student interviews.

Our library is in the capable hands of Mrs. Bryant, and although we are still in need of many more books, our students put the library to good use. An interesting book exhibit was held last fall.

Our publications, the monthly "Barker," sponsored by Miss Wilson, and the annual "Laurel," directed by Mrs. Bryant, are interesting and colorful.

Dramatics, with Mr. Whittemore coaching, assisted by Miss Lee and Miss Scales, is a popular activity. The senior play, "What A Life," was presented in the fall, and a series of one-act plays will be given in the spring.

Our very able Student Council sponsored a lively freshman reception, and has been in charge of our concessions at basketball games. This concession has added much to our funds. One worthwhile project the Student Council undertook was financial aid to a Navajo Indian school (in dire need) near the town of Farmington, New Mexico.

Farmington High School will be represented at Wellesley College and at other musical festivals this year by some of our talented musi-

cians. Many boys and girls are in our music activities under the direction of Miss Perkins.

Mrs. Webster meets art pupils two sessions a week and although handicapped by lack of a proper classroom for her students, she has done very well under difficulties.

The cafeteria is run in the basement of the Community Building by Mrs. Linscott and gives service to large numbers of boys and girls from the grade school as well as to the high school. A visitor here would be much interested by the efficiency of the program. Mrs. De Bow assists in the accounting.

During the noon hour students remaining at school take part in a program of class basketball, volleyball and other games at the Community Building under the direction of Mr. Carlson. This program gives the boys and girls something to do, or to watch, noon hours during the long winter months.

Our film projector is used much of the time to assist in the different courses of study. Mr. Reed directs this activity.

Five chapel programs to which the Mallett School was invited were given at the Community Building. These programs included actors, speakers and musicians.

Miss Wilson includes in her duties the taking care of the school's financial accounts, a good-sized job as we generally run well over a thousand dollars in our current treasury. We use much of our income from our activities to outfit our various teams. By next fall all the teams of the high school should be properly equipped.

Mr. Hannaford runs the shop program, and in spite of the basement area he works in, this program is considered by state officials who know, one of the best in Maine.

A few months ago a letter was sent to each parent by the principal regarding fire hazards in the high school building. Immediate steps have been taken by the school committee, and this dangerous situation should be eliminated soon.

I might add here that at all times have the superintendent and the school committee been most helpful and open-minded. I should like to go farther than this without intending any flattery. This committee has—best of all—shown real courage and farsightedness, something that cannot be said concerning some of the committees of other towns in our state. If our committee's recommendations for this year are accepted by the townspeople, I do not believe any other community in the state will have a fairer teacher's salary schedule or a better school plan

than Farmington. I am most grateful for the help these people have given.

This seems like an over-long report but I cannot close without touching on one more item. I should not be doing my duty as I see it unless I briefly discuss a subject which is of much interest to many at present — a new high school building.

There seem to be two or three ways which have been discussed of solving our problem. One is by building an addition to our old high school; another by building an addition to and rebuilding the Community Building; and the third by building a new school in another location entirely.

There is a survey published concerning this problem and it deserves much study.

However, there are two other important factors to be considered: what our legislature will do in the next few weeks and what our congress will decide. I refer to state aid and federal aid to education. If both state and national aid should come about — and I think it is more than likely at this writing — the picture for our town's future education plan would be a very pleasant one indeed.

Therefore, I wish to make this suggestion — why not hold this matter of a new high school building in abeyance until legislature and Congress have both made their decisions, and with us at the same time giving long study and deep thought as to our real needs? Then, perhaps in June at a special town meeting surer and more decisive action could be taken than at the present.

When a new building that might cost from \$300,000 to \$500,000 is to be considered, it does seem that too hasty or untimely action might give us a wrong answer to our problem and possibly leave future citizens of our town in a situation that would be embarrassing, if not unfortunate.

Let us build our house not upon the sand, but upon a rock!

It has been an honor and a pleasure to work with the very fine faculty at the high school and with the school authorities of the town.

Respectfully,

THOMAS L. MAYNARD,

Principal Farmington High School.

Report of Music Supervisor

Farmington, Maine
Feb. 12, 1949

Mr. J. Arthur Green
Superintendent of Schools
Farmington, Maine

Dear Mr. Green:

I herewith submit my annual report as Supervisor of Music.

HIGH SCHOOL

For the second time in the history of the school, delegates were sent to participate in the concert sponsored by the New England Music Festival Association last April. These three students were members of the 175 piece orchestra assembled in South Portland from all over New England. At the present time, seven delegates to the large orchestra and the chorus are preparing music for a similar concert, which will be held this year in Wellesley, Mass.

Other out-of-town trips were made by entire groups. In May, the girls' choir, the mixed choir and the orchestra went to Dexter in chartered buses to receive criticisms and suggestions from judges at the State Music Festival. These groups will go to Waterville this year for the same purpose.

The orchestra went to Hampton Beach, N. H., to take part in the New England Music Festival. Ratings were given at this event, and the F. H. S. orchestra received a Division I rating. This festival will be held at Old Orchard Beach this year, and the orchestra plans to attend.

During the past year, the musical clubs have presented music as follows:

February: Three programs over the P.A. system
March: Five programs over the P.A. system
Rally
P.T.A.

April:	N.E. Music Festival concert P.T.A.
May:	State Music Festival Annual spring concert F.S.T.C. concert N.E. Music Festival
June:	Graduation events
Nov.:	Senior Play
Dec.:	Four programs over the P.A. system Mallett School concert
Jan.:	Two programs over the P.A. system

Fourteen students received their felt emblems and twelve received the bronze star.

This year the enrollment in the musical clubs is as follows:

Girls' Choir	45
Mixed Choir	38
Orchestra	40
String Ensemble	8

GRADE SCHOOLS

The past year has seen a big improvement in the music in these schools. The fact that competent room teachers are interested in the work, often doing more than is asked of them by the supervisor, is responsible for this gain.

Last spring, the Mallett School gave the operetta, "White Gypsy." This coming spring, it is probable that the West Farmington School will present a similar form of entertainment.

During the past year, the musical clubs of the Mallett School have participated in musical programs as follows:

April:	Operetta
May:	State Music Festival
June:	Graduation events
Dec.:	Concert

Instead of having a Glee Club this year, each grade holds itself in readiness to furnish a chorus for public appearance. At the fall concert, choruses from Grades 5, 6A, 6B, and 8 were on the program.

Enrollment in the musical clubs is as follows:

Senior Orchestra	24
Junior Orchestra	13
Beginning Band	20

I should like to thank all my co-workers for their generous help. I should also like to thank all parents and friends for their willingness to aid with transportation at festival time.

Respectfully submitted,

IOLA HAYNES PERKINS.

Report of Supervision of Art

Mr. J. Arthur Green
Superintendent of Schools
Farmington, Maine

Dear Sir:

I herewith submit my annual report as Supervisor of Art in the public schools of Farmington.

HIGH SCHOOL

Art in the High School is an elective subject, the pupils enrolling for some free period. At the opening of school about fifty pupils enrolled in the Art Classes. However, due to their full schedule and the necessary readjustments, many had to drop out. The present enrollment is thirty-five. The classes meet four periods on Wednesday morning and two on Thursday afternoon, the full schedule of the supervisor making it impossible to give more time. This means that most of the pupils have but one period each week. In that short time we cannot carry on the projects that we would like to do, or obtain the results that the class is capable of doing. I hope the time will come, in the near future, when the High School may have a full time Art Teacher. This would give many more the opportunity to elect the subject, and sufficient time to obtain the desired results.

Many of the pupils have more than average talent. The aim of the course is to develop that talent along the special interests of the individual and to enable them to recognize and appreciate beauty and thus stimulate good taste in dress, home furnishings and the everyday things of life. The outline follows closely that of last year. It includes projects which give a practical knowledge and application of the principles of design and color harmony, lettering, and poster design.

At Christmas, one group designed linoleum blocks and printed their own Christmas cards. Another group made stencil designs which were applied to scarfs, luncheon sets or pillow tops.

The course also includes finger painting, original composition and clay modeling.

Because of the crowded conditions it is still necessary to hold the classes in the cafeteria which is very unsatisfactory. If, and when,

Farmington has a new high school building I sincerely hope that the plans will include a well equipped art room to be used only for the art classes.

ELEMENTARY SCHOOLS

The course outlined for the grade schools varies little from that of last year, subject to changes as the occasion arises. Much emphasis is placed on the integrated projects. Such projects require much group work, and are planned and developed by the pupils, under teacher guidance. They meet the special interests of each pupil and stimulate their creative power. They also afford an excellent opportunity for the application of the knowledge of design, composition and color which they have acquired in other lessons. The outline also includes weaving, modeling, paper construction and finger painting.

In the Mallett School each grade has two lessons a week by either the supervisor or the room teacher. The supervisor visits the outside schools once each week.

At Christmas about three hundred favors for trays were sent to the Veterans' Hospital at Togus. These were made by grades V, VII and VIII. Sent, also, were one hundred tray mats designed by the pupils in different grades.

Last May twenty-eight posters by High School and grade pupils were entered in the Poppy Poster Contest sponsored by the American Legion Auxiliary. The first award poster in each group in the local contest is always entered in the State contest. For the ninth consecutive year Farmington won first award in this contest, this time by an eighth grade pupil.

Some of the Art work is always on display in the class rooms. Parents and friends are always welcome to visit the classes.

Respectfully submitted,

MARAH S. WEBSTER,

Supervisor of Art.

STATE OF MAINE
State Department of Audit
Augusta

February 14, 1949

Board of Selectmen
Farmington,
Maine

Gentlemen:

In accordance with Chapter 16, Section 3 of the Revised Statutes of 1944 and at your request, the records of the Town of Farmington have been audited by Auditors S. S. Davis and R. A. Jamieson for the period February 8, 1948 to January 31, 1949 inclusive.

The examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled.

Comments are also included which may be of interest to you.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY,

FMB:lf

State Auditor

COMMENTS

Re: Audit of Accounts—Town of Farmington
February 8, 1948 to January 31, 1949

CASH

The cash balance at January 31, 1949 was \$32,329.84. This balance consisted of cash available for current operations and was reconciled with the records of the Treasurer and the bank statement of the First National Bank of Farmington, Maine.

The recorded receipts and subsequent deposits were analyzed and from this examination it was determined that all receipts had been deposited promptly. The warrants, supporting expenditures, were properly executed and all disbursements were made by check.

INVESTMENTS

The certificates for the two shares of stock, as shown on Schedule A-1, were inspected.

ACCOUNTS RECEIVABLE

Accounts receivable at January 31, 1949 totaled \$4,077.31. Detail concerning these receivables is shown on Schedule A-2.

TAXES RECEIVABLE

Outstanding taxes receivable at January 31, 1949 totaled \$5,099.48. Of this amount \$4,970.66 represents unpaid accounts of the 1948 commitment and \$128.82 represents unpaid accounts of prior years' taxes.

TAX LIENS

At January 31, 1949, the outstanding tax liens amounted to \$584.76. It was noted that collections were approximately the same as liens acquired, therefore the balance of this account remains about the same as the previous year. The detail supporting the tax lien account is shown on Schedule A-12.

TAX DEEDS

There was no changes in tax deeds during the year under review.

NOTES PAYABLE

During the year under examination a note in the amount of \$15,265.00 was issued. The purpose of this borrowing was to finance the Town's share of constructing the West Farmington bridge. The detailed information concerning this and other notes of the Town is shown on Schedule A-5.

BONDS PAYABLE

The required amount was appropriated at the annual meeting of the Town to redeem the maturing school and community building bonds. The interest coupons, matured and paid during the period under review, were presented for inspection and were found to be in agreement with the amount appropriated at the annual meeting for that purpose.

NET DEFICIT

The net deficit of \$42,688.61 at the beginning of the municipal year was increased during the current year by \$1,092.46. The factors contributing to this change are completely analyzed on Exhibit E.

REVENUE AND EXPENDITURES

A statement of revenue and expenditures is presented in this report which, it is believed, presents a consolidated analysis of the result of operations for the current year. This statement reflects a net gain from operations of \$359.56 which was transferred to the Net Deficit.

1948 ASSESSMENT, COMMITMENT AND COLLECTION

The assessment and commitment records and the records of collections of the 1948 tax levy were examined. The examination indicated that the warrant of commitment was in agreement with the assessment records and the tax list as committed to the Collector.

The collections were deposited with the Treasurer in accordance with the provisions of the statutes and all abatements were found to be properly authorized by the Assessors.

TRUST FUNDS

The savings accounts representing the investment of the trust funds were verified by examination of the bank passbooks and the bonds were verified by physical count and inspection. The income was properly accounted for and expenditures appeared to have been made in accordance with the terms of the several trusts.

GENERAL

The 1948 excise tax receipts No. 400 to 1808; and those for 1949, No. 1 to 253 were verified by examination of the copies of the receipts retained by the Collector. It was determined that the Collector had made an overdeposit with the Treasurer in the amount of \$9.40. This amount was refunded to the Collector before the year ended.

The following corporate surety bonds were found on file:

Treasurer	\$15,000 00
The American Fidelity Co.	Bond No. S-751316

Collector and Town Manager	\$12,000 00
Hartford Accident and Indemnity Co.	Bond No. 2382029

The balances of the School Department, which were carried forward to the ensuing year, were compared with the balances, as maintained by the School Superintendent, and were found to be in agreement.

The overlay of \$3,598.01 was within the legal limit of 5% of the appropriations plus state and county taxes.

Article 5

To see if the Town will vote to authorize the Selectmen and Treasurer to make a temporary loan or loans in anticipation of taxes at the lowest net cost to the town and to negotiate therefor to the lowest bidder after such notice to prospective bidders as the Selectmen deem expedient, the said note or notes to be for an amount which shall not exceed in the aggregate one hundred thousand dollars to be paid during the year in which they are issued out of money raised during said current year by taxes in accordance with the provisions of Section 96 of Chapter 80 of the Revised Statutes of 1944 as amended.

Article 6

To see if the Town will vote to authorize the Selectmen and Treasurer on behalf of the Town, to sell and dispose of any Real Estate, acquired by the Town for non-payment of taxes thereon, on such terms as they may deem advisable, and to execute Quit-claim deeds for such property.

Article 7

To see if the Town will vote to have all poll taxes committed to the Collector, and made due and payable on the first day of May, 1949.

Article 8

To see if the Town will vote to reimburse the Maine Consolidated Power Company for one-half of the cost of the new sidewalk on the West side of High Street along the line of land owned by said Power Company.

Budget Committee Recommends \$425.00

Article 9

To see if the Town will vote to reimburse J. W. & W. D. Barker for one-half of the cost of the new sidewalk on the West side of High Street along the line of land owned by said J. W. & W. D. Barker.

Budget Committee Recommends \$120.00

Article 10

To see if the Town will vote to accept the highway road as laid out by the municipal officers from State Aid Road No. 5 over the new bridge across Temple Stream to the Voter Hill Road, this being designated State Aid Road No. 12, and plans for the same with municipal officers' return of laying out on file at the Town Clerk's office.

Article 11

To see if the Town will vote to raise the following amounts to pay for land damage as set by the Board of Selectmen at a hearing on Jan. 31, 1949. (New Highway at West Farmington)

Mrs. Earle Mooar	\$400 00
Mr. George Buck	100 00
Mr. W. P. True	100 00
Mr. Harold Lake	100 00

Budget Committee Recommends \$700.00

Article 12

To see if the Town will vote to construct a road leading from Maple Avenue to residence of Ralph Gray, a distance of 400 feet, and raise and appropriate money for same.

Budget Committee Recommends \$400.00

Article 13

To see if the Town will vote to rebuild the road leading from Highway No. 2 to New Sharon town line, a distance of approximately one-half mile, and raise and appropriate money for same. (Lewis Hovey Road)

Budget Committee Recommends \$1,000.00

Article 14

To see if the Town will vote to rebuild the Cowan Hill Road leading from State Aid No. 3, a distance of approximately one mile, and raise and appropriate money for same.

Budget Committee Recommends \$1,000.00

Article 15

To see if the Town will vote to construct a sewer across the land of John Pillsbury to the Sandy River, a distance of approximately 800 feet, and raise and appropriate money for same.

Budget Committee Recommends \$2,500.00

Article 16

To see if the Town will vote to construct a sewer leading from Franklin Avenue to Maple Avenue, a distance of approximately 1,075 feet, and raise and appropriate money for same.

Budget Committee Recommends \$1,100.00

Article 17

To see if the Town will vote to discontinue the road leading from Bailey Hill road in a southerly direction, connecting with the Lewis Hovey road at the Joe Merrill Corner's so called.

Article 18

To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the purpose of tarring the road leading from Bradford Corner to Nile's Farm, a distance of one and one quarter miles.

Article 19

To see if the Town will vote to raise and appropriate the sum of \$650.00 to construct a sidewalk on the westerly side of Quebec Street a distance of 600 feet.

Article 20

To see if the Town will vote to rebuild the road leading from School Street to Walton's Mills, a distance of approximately one-half mile, and raise and appropriate money for same.

Article 21

To see if the Town will vote to install a street light near Harvey Smith's at the north end of Starling Street in West Farmington.

Article 22

To see if the Town will vote to raise and appropriate \$200.00 to transport the West Farmington scholars to the Community Building for hot lunches.

Article 23

To see if the Town will vote to authorize the Selectmen to convey, on behalf of the Town, a right of way for the purpose of laying and maintaining a water pipe line across the Norton Flat School House Lot so called, in the Town of Farmington.

Article 24

To see if the Town will vote to discontinue the road leading from State Aid No. 5 at Walton's Mills to State Aid No. 12, road leading to Voter Hill, also the Walton's Mills Bridge.

Article 25

To see if the Town will vote to construct a road on Voter Hill, and raise and appropriate money for same.

Article 26

To see if the Town will vote to raise and appropriate \$300.00 to cover expenses of the Physical Examinations in the Grade and High Schools for the coming year. (RED CROSS)

Article 27

To see if the Town will vote to raise and appropriate \$350.00 to construct driveway at Grade School.

Budget Committee Recommends \$350.00

Article 28

To see if the Town will vote to install parking meters and raise and appropriate money for same.

Article 29

To see what sum of money the Town will vote to raise and appropriate for State Aid road construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Sections 25 and 29, Chap. 20, R. S. 1944, as amended.

Recommended \$2,666.00

Article 30

To see if the Town will vote to purchase a light truck for the Road Department the same to have two wheel drive and a three yard gravel body and to see what sum of money the Town will vote to raise and appropriate for the same.

Recommended \$2,700.00

Article 31

To see if the Town will vote to authorize the Selectmen to reinstall the Traffic Lights at the intersection of Main Street and Broadway.

Article 32

To see if the Town will vote to adopt the following by-law or ordinance:

Hawking and Peddling Ordinance

BE IT ORDAINED BY THE INHABITANTS OF THE TOWN OF FARMINGTON, as follows:

Section 1. It shall be unlawful for any person, firm or corporation to engage in the business of hawking and peddling of goods, wares, or merchandise at retail within the limits of the town of Farmington without first obtaining a license from the municipal officers and paying the license fee as hereinafter provided.

Section 2. This ordinance shall not apply to commercial agents or other persons selling by samples, lists, catalogues or otherwise, goods, wares, or merchandise for future delivery; to persons selling fish, or to persons selling farm, dairy, or orchard products, of their own production, and to persons selling bark, wood, or forest products, and to persons selling newspapers or religious literature.

Section 3. Licenses shall be issued by the municipal officers to persons, firms or corporations applying for the same upon submission by them of information relative to their regular and established place of doing business, the ownership of the business and payment of a license fee of twenty-five dollars. Such license shall be for the year in which issued.

Section 4. Whoever violates the provisions of this ordinance shall upon conviction thereof be punished by a fine of not more than twenty-five dollars.

Section 5. This ordinance shall be effective April 15, 1949.

Article 33

To see if the Town will vote to abolish the Park Commission.

Article 34

To transact any other business that might legally come before this meeting but not pertaining to the raising of money.

Article 35

To choose by ballot, according to the provisions of Sections Forty-six to Sixty of Chapter Eighty of the Public Laws of the Revised Statutes — 1944 — five Selectmen for the term of one year, five Assessors for the term of one year, five Overseers of the Poor for the term of one year, one Treasurer for the term of one year, one Town Clerk for the

term of one year, two members of the Superintending School Committee for a term of three years, three Park Commissioners, one for one year, one for two years, and one for three years.

The Polls for the election of these officers will be open at 12.00 o'clock Noon and close at 4.00 o'clock in the afternoon, Eastern Standard Time.

The Selectmen hereby give notice that they will be in session at the Community Center on Thursday, Friday and Saturday, March 3, 4, and 5, 1949, from 9.00 o'clock in the forenoon, until 4.00 o'clock in the afternoon, each day, for the purpose of correcting the list of voters of this town.

Given under our hands at Farmington, Maine, this twenty-sixth day of February, A. D. 1949.

HOLMES H. BAILEY,
M. E. BEAL,
C. R. LUCE,
BENJAMIN BUTLER,
A. D. HORN,

Selectmen of Farmington.

Town Report

For Year 1949

Town Manager Government

IMPORTANT

All taxpayers should read the following requirement and comply with it.

CHAPTER 81, SECTION 35 OF THE REVISED STATUTES, 1944

"Before making an assessment, the Assessors shall give seasonable notice in writing to the Inhabitants, by posting notifications in some public place in Town, or shall notify them, in such other ways as the Town at its annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they are possessed on the first day of April of the same year. If any resident owner, after such notice, or any non-resident owner after being reasonably requested thereto by the assessors does not bring in such lists, he is hereby barred of his right to make application to the assessors, or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer."

The Assessors hereby give notice that they will be in session at the Community Building on the first and second days of April, 1950, from 9 o'clock A. M. to 4 o'clock P. M. for the purpose above stated.

LETTER OF TRANSMITTAL

To the Board of Selectmen and Citizens of Farmington:

In presenting this report for the fiscal year ending January 31, 1950, the second under the Town Manager form of Government, every effort has been made to give a true picture of the operation of every department.

The story of the 1949-50 activities is to be found in digest form within the covers of this report. Its purpose is to inform the taxpayers of the activities and financial condition of the Town.

We have enjoyed another progressive year. The demand for increased services grows steadily for all of our Town Departments. We must face the fact that a Municipality is no more immune to increased costs than a private enterprise.

The Manager's office is always open to citizens who wish to drop in, ask questions and make suggestions and I feel certain that much benefit would result from such contacts.

I wish to thank the Board of Selectmen of our Town, for their cooperation and aggressive leadership and to my fellow workers, my sincere appreciation for their loyal and faithful services.

Respectfully submitted,

WALTER P. LEMKE,

Town Manager.

STATE OF MAINE

State Department of Audit

Augusta

February 16, 1950

Board of Selectmen
Farmington,
Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the Town of Farmington have been audited by the State Department of Audit for the period February 1, 1949 to January 31, 1950 inclusive.

The examination was made by Auditor R. M. Parsons in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled with such exceptions as may be noted in the accompanying Comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated.

Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY,

State Auditor.

FMB:lf

COMMENTS

TOWN OF FARMINGTON FEBRUARY 1, 1949 TO JANUARY 31, 1949

An audit has been completed of the financial records of the Town of Farmington for the municipal year ended January 31, 1950.

SCOPE OF AUDIT

The records of the Treasurer were examined and it was determined that all receipts issued for monies received had been properly recorded. An analysis of receipts and deposits revealed that all monies for which receipts had been written had been promptly deposited.

The Treasurer's warrants were examined and found to have been approved by a majority of the Selectmen and correctly recorded in the cashbook. It was ascertained that all expenditures had been made by check. Receipts issued by the Treasurer were checked in detail to the various accounts involved in the general ledger.

The distribution of the warrants as recorded in the distribution book were checked to an extent deemed necessary, and it was determined that the amounts charged to the various accounts in the general ledger were in agreement with the total warrants issued.

Vouchers and payrolls on file in the Town Manager's office were examined to an extent deemed necessary.

The Town Clerk's record of the annual Town Meeting was reviewed. Monies raised and appropriated were in agreement with the records of the Assessors. It was also voted to appropriate \$10,000.00 from excise taxes for roads and bridges.

The 1949 tax commitment was checked and found to be in agreement with the Assessors' records.

The records of unpaid taxes, tax liens and tax deeds were examined. It was ascertained that all abatements allowed had been approved by a majority of the Board of Assessors. A representative number of requests for verification were mailed on unpaid taxes, tax liens and accounts receivable. Should any variations be noted as a result of these verifications, the proper municipal officials will be notified.

Insurance policies in force on town property were examined and listed.

ASSETS

The cash balance of \$36,728.39 at the year end was accounted for as follows:

Cash in Bank	\$36,705 87
Cash on Hand	22 52
Total	<u>\$36,728 39</u>

The check book balance of \$36,705.87 was reconciled with the February 2, 1950 bank statement furnished by the First National Bank of Farmington and was found to be correctly stated. The cash on hand of \$22.52 was verified by physical count.

Investments totaling \$20.00 were examined and listed.

The record of accounts receivable was checked. These are represented by 1949 accounts of \$4,001.52, 1948 and prior accounts of \$2,831.63. The detail is presented on Schedule A-2.

The 1949 tax commitment was checked and found to be in agreement with the Assessors' records. Approximately 99-7/10% of the current commitment was settled by the Tax Collector. The detail is presented on Exhibit E.

The records of all uncollected taxes were checked. The detail is presented on Schedule A-12.

All transactions affecting tax liens and tax deeds were examined and found to have been handled properly. The detail is presented on Schedules A-13 and A-14.

DEFERRED REVENUE

Deferred revenue totaled \$19,938.79. This account represents the unappropriated balance of 1948, 1949 and 1950 excise taxes.

RESERVE

The reserve for authorized expenditures in the amount of \$17,606.78 represents the net unexpended balances in the appropriation accounts, carried forward to the ensuing year. The detail of these accounts is presented on Exhibit D.

SURPLUS

At January 31, 1950, there was an unappropriated surplus of \$12,108.30. This surplus represents the excess of the assets over the deferred revenue and reserve.

DEBT FUND

Notes payable totaled \$18,000.00. Notes retired during the year amounted to \$6,265.00. The detail is presented on Schedule A-6.

Bonds payable totaled \$22,000.00. Bonds matured during the year amounted to \$11,000.00. The detail of this account is presented on Schedule A-7.

TRUST FUNDS

The trust fund investments were examined and listed. It was ascertained that all income earned had been credited to the proper accounts. New cemetery perpetual care funds received during the year totaled \$610.00. Expenditures appeared to be proper and in accordance with the terms of the various trusts.

GENERAL

During the course of examination of payrolls and vouchers, it was noted that school payrolls covering salaries were presented for payment by the Superintendent of Schools without having been approved by a majority of the School Committee. It was noted that in some instances vendors original invoices covering purchases made were not presented. The above practices do not appear to conform with the requirements of Chapter 37, Section 25 of the Revised Statutes of 1944 which reads as follows:

“School money, how paid by towns. No money appropriated by law for public schools shall be paid from the treasury of any town except upon written order of its municipal officers; and no such order shall be drawn by said officers except upon presentation of a properly avouched bill of items, said bill of items having first been approved by a majority of the members of the superintending school committee and certified by the superintendent of schools.”

Transfers from overlay and supplemental taxes were authorized by the Selectmen to the following accounts:

Salaries, Town Officers	\$ 599 89
Incidental Expenses	848 78
Sewers	431 23
Tannery Brook Road	19 07

Sidewalks	\$ 451 23
Bradford Corner Road	235 82
Gray Road	12 52
Grade School Drive	9 44
Abatements	810 39
Hippach Park	71 21
Notes Payable	265 00
Roads and Bridges	1,478 09
TOTAL	<u><u>\$5,232 67</u></u>

The Town Manager, Treasurer, Tax Collector and Deputy Tax Collector furnished the following corporate surety bonds:

Town Manager — Tax Collector	\$10,000 00
Treasurer	10,000 00
Deputy Tax Collector	2,000 00
Deputy Tax Collector	2,000 00

The following excise tax receipts were examined:

1949 Receipts No. 254 - 481	\$14,907 76
1950 Receipts No. 1 - 323	4,785 42
Total	<u><u>\$19,693 18</u></u>

It was determined that the total excise tax receipts had been promptly deposited with the Treasurer.

The records of the various municipal officials were found to have been maintained in an efficient manner.

RECOMMENDATIONS

The following recommendations appear worthy of consideration by the municipal officers:

- (1) That, all school payrolls be approved by a majority of the School Committee before being presented for payment.
- (2) That, original vendors invoices be submitted for all purchases, showing in detail articles purchased.

School Committee's Report

To the Inhabitants of the Town of Farmington:

Your School Board submits the following report to you for your consideration. The school account has consistently risen ever since the town has had a public School System. In 1855, the town raised for Public Schools, the sum of eleven hundred dollars. From this original amount, it steadily increased through the year 1930. Between the years 1930-1940, the school account decreased, and then returned to a corresponding figure, according to the chart attached to this report.

For the last ten years this account has risen from an expenditure of approximately forty-three thousand dollars to eighty-nine thousand five hundred and eighty-five dollars, for the year 1949. This year your Board is asking for fifteen hundred dollars less than last year to carry on the main operations of the Public School System.

Owing to the crowded conditions in the rural schools in 1947, your Board transported the seventh and eighth grades to the Mallett School, from the outside school, as a large class was then graduating and the school had more room than the outside schools. However, in so doing, the curriculum of the Mallett School itself was radically changed.

When the Mallett School was originally built, it was erected with the idea of providing as modern conveniences as possible. Each class had a separate recitation room, so that better individual instruction could be given to those who were not able to advance as rapidly as others in the class. With the transfer, these recitation rooms have been converted into class rooms. At the present time these are all occupied with the exception of one room which is used by the Art Department. Here are located the various drawing implements. The Gymnasium has likewise been called into use throughout the day for instruction uses. This last year the seventh and eighth grades have only been transported. This means that the Mallett School has had two seventh and eighth grades. At the other end of the ladder, there are now two first and second grades. Next year as there is a large kindergarten, for the current year, there will have to be two first, second and third grades.

As nearly as can be determined from an analysis of the births in the town of Farmington, there will be an enrollment of over one hundred in this department, while only fifty-five will graduate from the school. An analysis of the enrollment in the Public Schools for the past ten years has been prepared as shown on the charts accompanying this report.

This crowded condition of the schools is not strange to you. It has been consistently called to your attention, that the time was coming when something had to be done. That time has arrived. Your School Board has no accommodation for these pupils for the coming year.

A preliminary survey of available buildings was made. The Brick Inn on High Street and the Old Academy Building on Middle Street have been examined. In each instance, the cost of remodeling was so great that such a solution was not deemed advisable by your Board to even offer for your consideration. An addition to the present Mallett School is a possibility, but that will call for another boiler room, and likewise would not alleviate the necessity for remodeling the High School when the students begin to matriculate there.

The total enrollment in the schools in the town of Farmington, is not on the decline. In fact, it is just the opposite, as can be seen from the chart accompanying this report.

It has been suggested that various courses could be dropped: music, art, industrial education, home economics, physical education, college or commercial. That is true, any one of them could be dropped, but that in itself, is not an answer to the question as to where these students can be accommodated.

The immediate problem is not in the High School, but in the Grade Schools, and dispensing with certain courses while giving some space, would not solve the problem. If the industrial arts were dropped, such would offer space, but there are over seventy students in the High School taking industrial arts. The Home Economic Course could be dropped, as only twenty-nine are taking that course, but this would not only effect our relationship with the State, but also the management of the noon lunch program. Music for the lower grades is conducted in the gymnasium and in the community hall for the High School. Music does not affect the space nor make available any additional room. Art likewise, would not give additional room as that is already used for recitations by various teachers whenever available. There are fifty-six taking the commercial course and ninety-eight the college course in the High School.

It was also considered dropping the tuition students at Farmington Falls, which is now thirty-one. By so doing, the town would lose reve-

nue of four thousand dollars. Nevertheless, this would create space so that the pupils from Fairbanks, West Farmington and the Red School House, could be transported there. This, however, was not deemed advisable nor was it ever seriously considered by your Committee.

The immediate need next year, is sufficient space to look after approximately fifty students. After discarding the possibilities, your committee looked into the advisability of adding to the Community Building. To this end, it secured the services of Mr. Harriman's office in Auburn. As a result of this investigation, it was found that new building would cost approximately \$10.50 per square foot, according to records in Mr. Harriman's office taken from the recent school buildings which he has been constructing. If the town should adopt this possibility, then this addition could be added in units. The immediate unit could be added without the necessary expense of an additional boiler, as that in the building is sufficiently large. This one unit would care for the needs of the town for the next two years. At that time, another unit could be added if conditions demanded the same. By so doing, the town would not be discarding anything it has done. Ultimately the community building itself would be an integral part of this new building, a part of it, and yet, independent of it. A floor plan of this proposal accompanies this report for your consideration. It is earnestly hoped that you will study it, and then advise your Committee in Town Meeting as to what you wish us to do. We feel that this is the most logical plan to adopt, and as such we submit the same to you. We recommend that the town investigate further possibilities of arriving at a solution, so as to enable proper accommodations next fall, and to that end further recommend that a Committee be appointed to investigate and report back at a Special Meeting within the next two months. This is a subject which can not be considered lightly, yet time is an important element.

This first unit would be approximately sixty-eight (68) feet long and fifty-six (56) feet wide. It would provide one class room and the domestic science department, with toilets for both boys and girls. The space vacated by the Domestic Science Department, would then be converted into additional class rooms. The only new equipment necessary would be lockers and desks.

Your Committee recognizes that the transportation situation is not all that it should be. We attempted to reduce the transportation cost this last year but owing to so many demands, have been unable to do so. All scholars attending the public schools have been transported, and those

children not attending the public schools have been transported to the public school which they would otherwise have normally attended. How much it has cost the town of Farmington for transportation for the last nine years can be seen from the graph accompanying this report. The number of pupils carried is based on the number of pupils which the law compels the Town to transport. The Town can vote to carry additional pupils to the public schools if it so desires. It was the desire of the Town that the High School students be conveyed for this last year, and they were conveyed. These total twenty-seven and have not been figured into the cost per pupil. Those who live on Mosher Hill and on the West side of the River have not had the service that the School Committee wish they could have had. One bus goes from Farmington, up the West side of the river, over the hill to the Temple Road, back to West Farmington, and then over Mosher Hill. This means that either one group or the other are late in returning home at night and often times late in arriving at school. It is hoped that next year this situation can be overcome by having two buses do the work which one bus has been doing in the past. However, if this is done, the cost of transportation may be thereby increased. Your School Committee recognize the fact that the costs can be reduced, but they can not be reduced without reducing the amount of service which is now being offered. Transportation costs can be cut down by extending the limit which those living near by can be compelled to walk, and those living at a distance go to a shelter, which would have to be erected, and wait for the bus—the same as one would wait for a street car. If that is what you desire, then your Committee is ready to carry out your wishes.

The standard of the schools has been raised considerably this last year. No longer are the A's and B's being passed out with their former ease; neither has your Committee heard of any complaints regarding the conduct of the children. The town of Farmington can well be proud of its schools. We are an educational center, and as such our children are fortunate.

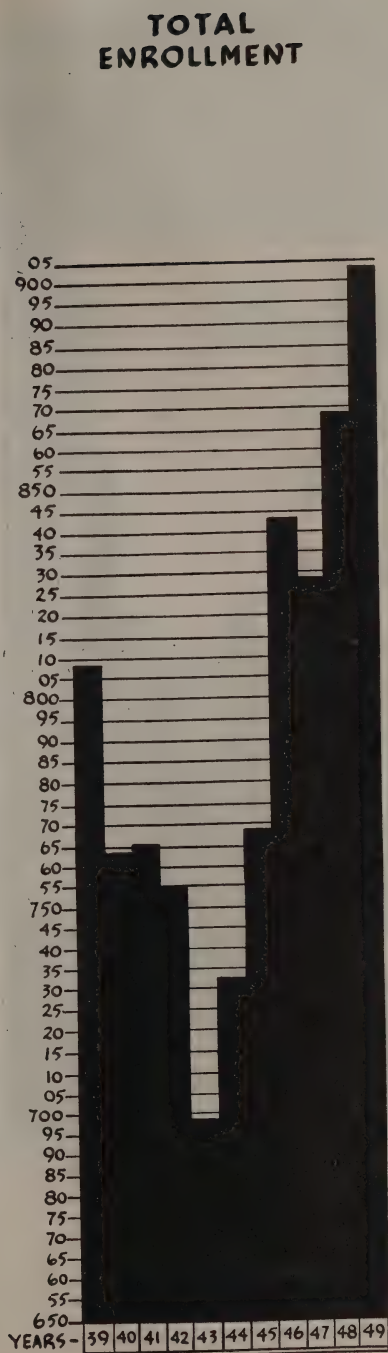

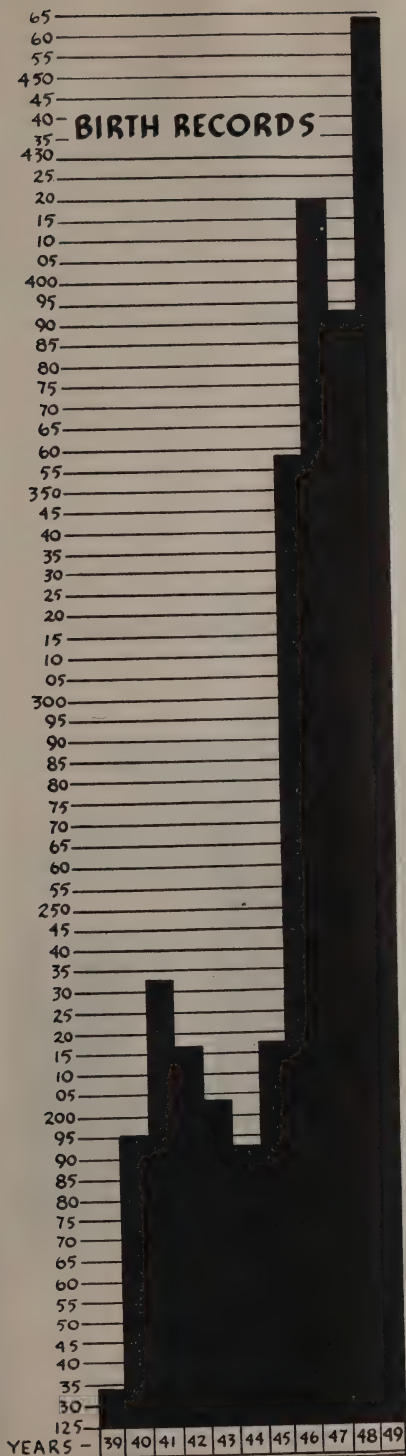

The superintendent's report immediately follows.

It has been a privilege to have carried out your wishes.

Respectfully submitted,

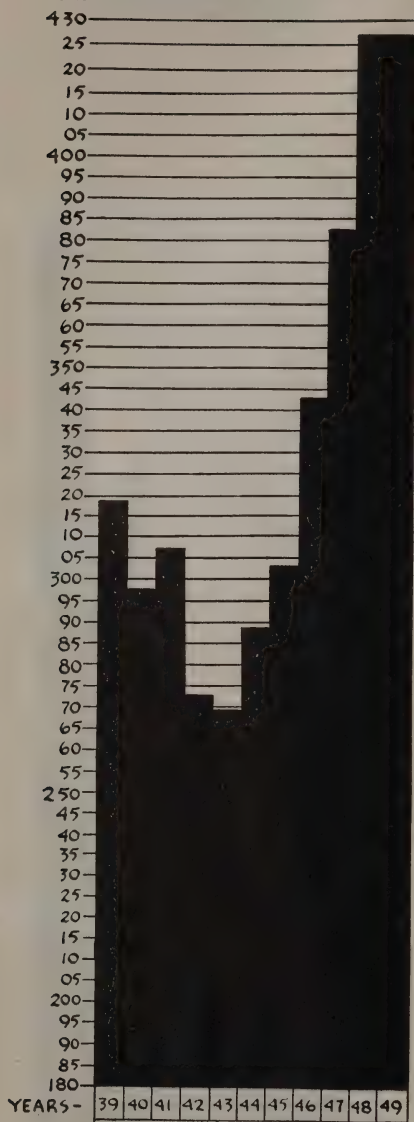

BENJAMIN BUTLER, Chairman,
NELLIE RICHARDS,
MARY ELLA ROUNDS,
EMERY MALLET, T,
DONALD F. PIERCE,

School Committee, Town of Farmington.

Six Tuition pupils from Farmington attend school at North Chesterville.

Tuition rate — Elementary school	\$80 a year
— High School	\$179 a year

School tax rate based on State Valuation figures	.02279
Average for State	.02549

The above local rate determines the amount of State Reimbursement a town receives for teaching positions and should entitle the Town of Farmington to \$670 each in December 1950.

8th year				3,100	3,300
9th year				3,200	3,400

Reimbursement for additional duties \$250 at the discretion of the School Committee.

Annual increment for regular teaching positions \$100.

Reimbursement for summer school \$50 when six semester hours credit have been earned in any one term or by extension courses in any one year.

Sick leave to the extent of ten days in any one year and cumulative to forty days over a period of four or more years.

One year probationary contract followed by three year contract thereafter. At the discretion of the School Committee the first probationary contract may be followed by a second.

The following repairs and building improvements have been made during the year:

Mallett School

- Nine classrooms and teachers' room painted
- Window shades for three classrooms
- Return pump for heating system
- Desks for one classroom

High School

- Three classrooms and one corridor painted
- Outside woodwork painted on original building
- Office equipped for guidance work
- Desks for one classroom
- Window shades for two classrooms
- Fire escapes and fire alarm installed

West Farmington

- One classroom enlarged and painted
- Fluorescent lighting one classroom
- New water line laid to street

Fairbanks

Two classrooms and corridors painted
Desks for one classroom
Toilet facilities improved

Farmington Falls

Desks for one classroom
Fluorescent lighting two classrooms
School yard filled and graded by the Highway Department

Briggs School

Painted and shingled

Needed improvements:

Paint, shingles, new ceiling one classroom, and toilet facilities at the Falls school.

The roof parapet and other masonry work, repair of outside porches, painting completed, improved lighting in some rooms, and improved sanitary facilities at the High School.

General renovation continued in other buildings.

Attached to this report is a detailed financial summary, and reports of the Principal of the high school, the supervisor of music and the supervisor of art.

Respectfully submitted,

J. ARTHUR GREEN,

Supt. of Schools.

High School Principal's Report

February 18, 1950

To the Superintendent of Schools, J. Arthur Green:

The following is the 1949-50 Farmington High School Principal's report:

A list of last year's graduation awards might well be inserted here.

1. Award to Joan A. Webber of a Wheaton College scholarship of \$500, given by the college.
2. Announcement of the State of Maine scholarship to Elinor Horton for this district of \$300. (full tuition)
3. Recognition of qualities of leadership, the so-called "I Dare You Honor Roll," to John S. McCormick and Joan Webber.
4. Announcement of prizes given by the American Legion Auxiliary and the annual Poppy Poster contest: Diane Soule, Norma Haney, Ruby Langen, Jean Black.
5. A Becker College Key given to Gaynelle Smith for excellence in commercial studies.
6. D. A. R. certificate to Joan Webber for good citizenship for having qualities of dependability, leadership, service, and patriotism.
7. The Balfour Plaque for scholarship, loyalty and achievement to Gaynelle Smith and John McCormick.
8. Lauriston A. Smith prize to the members of this class who attained the best rank in the required studies of their senior year: Joan Webber and Elinor Horton.
9. Arthur W. Perkins Latin prize to the best Latin scholar in the graduating class: Aura Straw.
10. Cora B. Cothren bequest to Helen Tracy, Jerlean Meader, Blaine Atwood, Adelbert Beedy for further study.
11. Albert E. Knowles prize for the student showing the greatest improvement over the four years in scholarship, and character: Fred Collins.
12. Popularity Plaque: Louise Davis, Richard Russell.

The registration figures and the faculty statistics may be found in the superintendent's report.

New curriculum planning introduced a course called "Orientation" including most of the freshmen. This course consists of a combination of introductory science, "Home Living," and "Occupations" taught in rotation by three of the faculty.

This teaching ties in well with the special guidance program we have begun this year under Mr. Reed's direction.

One new classroom activity is public speaking — integrated with the English classes so that each student may receive some individual attention in this field. This program will culminate in a speaking contest later in the year.

The band and girls' field hockey were revived this year. A large number of students follow these activities.

Achievements of our school worth repeating are those in track, football, basketball and winter sports. Last spring our track team placed second in the state meet among a large field of competitors. Three of our boys had the further distinction of being chosen to represent our state in the New England meet at New Haven, Connecticut; these boys were Joe Green, Roland Roux and Paul Brinkman.

The winter sports team again won the Bell Trophy for the county championship.

The football team this fall finished the season with its best record in years. Even better than that, the squad included many more boys than did last year's.

As seems to be usual, our basketball team is outstanding, having only recently won the newly-formed "Mountain League"—consisting of class "M" schools of northwestern Maine.

The other activities were held as previously. It might be added that this year many more students took part in the music and the art programs.

A financial statement of the high school account as of January 31, 1950 follows:

Cash	\$1,336 23
General Fund	\$600 31
Laurel Fund	387 58
Senior Fund	105 46

Junior Fund	\$111 92
Sophomore Fund	93 18
Freshman Fund	37 78

As the superintendent's report noted, fire escapes and a fire alarm system were the high school building improvements. These changes were very important and necessary.

The high school program is in need of an additional classroom teacher and, of course eventually, a new high school building. It would seem after reasonable study of the recently published survey of the Farmington Schools that some long-range plan might be adopted whereby a sum of money could be set aside each year for building funds. Following this report is a copy of the high school course of study.

Respectfully yours,

THOMAS L. MAYNARD, Principal

Report of Music Supervisor

Mr. J. Arthur Green
Superintendent of Schools
Farmington, Maine

Dear Sir:

I herewith submit my annual report as Supervisor of Music.

HIGH SCHOOL

During the past year the musical organizations have furnished music as follows:

- February: Two programs over the public address system
- March: One program over the public address system
- April: All-New England High School Concert
FSTC Sorority Concert
- May: One program over the public address system
Concert
Eastern Maine Music Festival
New England Festival
Sandy River Teachers' Association
- June: Four graduation events
- September: Rotary Club
- October: Parent-Teachers' Association
Old South Church Bazaar
- November: Guernsey Breeders' Association
One program over the public address system
- December: Concert
Assembly program

The seven students who went to Wellesley to participate in the All-New England High School concert received a great deal of inspiration from the experience. Four students were members of the 176-piece orchestra, while the other three sang in the chorus of 300 voices. Intensive rehearsing was the schedule for two and a half days, and then

two concerts were given. This year the event will be held in West Springfield, Massachusetts, and nine delegates from this school will attend.

Other out-of-town trips were made by entire groups. In May, the girls' choir, the mixed choir, and the orchestra went to Waterville by bus to present selections at the Western Maine Music Festival, returning with Division I ratings. This year the state festival will be held in Augusta, and it is likely that the same groups will attend.

Also in May, the orchestra went to Old Orchard Beach to take part in the New England Music Festival. Rutland, Vermont will be host to the festival this year, and it is hoped that one group may be able to attend.

Four students were awarded the pin of the music honor society, The Lyres, which signifies that they were outstandingly successful in musical activities, that they were found dependable at all times, and that they had been of service to the school and community through music.

This year the enrollment in the musical clubs is as follows:

Girls' Choir	56
Mixed Choir	60
Orchestra	36
String Ensemble	6
Band	32

The high school band was reorganized this year under the direction of Lincoln V. Johnson, math. teacher. His report about this organization follows:

"The band consists of 32 members, officers being Galen Sayward, president; Paul Brinkman, vice-president; Alden Small, librarian; Gloria Lamkin, secretary-treasurer; Lucy Mosher, assistant secretary-treasurer.

"The instrumentation consists of 9 trumpets, 4 clarinets, 1 horn, 2 flutes, 1 oboe, 2 trombones, 1 baritone, 1 tuba, 2 bass horns, 5 snare drums, 1 bass drum, 1 saxophone, 1 set of bells, 1 set of cymbals.

"The band played at all home football games, at the Armistice Day game in Wilton, the Hal-lowe'en Night Parade, Career Day, at the Franklin County Basketball tournaments, and will give a concert in the spring."

GRADE SCHOOLS

In these schools the general procedure is the same as in past years. Classroom teachers carry out the assignments left by the supervisor each week.

Last year informal afternoon concerts were presented by the upper grades at the Mallett School. The purpose was three-fold: to utilize the fine material learned in the daily music lessons, to give all children a chance at public performance, and to encourage visiting by the parents. Beginning with the fifth grade, each grade through the eighth was responsible for one program. Every child participated, and those who had special talents performed alone. This proved so popular that the practice is being continued this year.

Plans are being made to have the upper grades from the outside schools assist in some of these afternoon performances, so that the pupils here may appreciate the excellent work being done by pupils in the other schools.

The Mallett School Orchestra, which is made up of grade school children from all the schools, attended the Maine Music Festival in Waterville last May, being transported in private cars by interested parents. This year the 40-piece orchestra will go to Augusta for the same purpose.

The schedule of music activities for the Mallett School this past year is given below:

- | | |
|-----------|-----------------------------------|
| February: | Afternoon concert (eighth grade) |
| | Grange |
| | Mothers' Club |
| March: | FSTC Chapel |
| | Afternoon concert (sixth grade) |
| April: | FSTC Chapel |
| May: | Afternoon concert (fifth grade) |
| | County Convention |
| | Maine Music Festival |
| | Afternoon concert (seventh grade) |
| | PTA Pops Concert |

June: Graduation
October: Orchestra rehearsal tea
November: Assembly program
December: Carol tour
January: Afternoon concert (eighth grade)

A violin outfit, an oboe and a viola bow have been purchased for the school orchestra.

In conclusion I should like to express my appreciation to the people of Farmington for their cooperation.

Respectfully submitted,

IOLA H. PERKINS.

Report of Art Supervisor

Mr. J. Arthur Green,
Superintendent of Schools,
Farmington, Maine.

Dear Sir:

I herewith submit my annual report as Supervisor of Art in the public schools of Farmington.

HIGH SCHOOL

The rotating schedule has afforded more pupils the opportunity of taking Art. The enrollment is much larger than in previous years. Fifty-one pupils are enrolled and twenty-three of that number work two periods. The classes meet every Wednesday. There are six divisions, averaging about twelve pupils in each division.

Most of the pupils show more than average talent. Their individual interests are varied. The aim of the course is to develop the special interests, and to stimulate and encourage creative ability. The outline varies little from that of the previous year. It includes: lettering, poster design, figure drawing, finger painting, clay modeling and sketching from Nature. It is also planned to give a knowledge and practical application of color harmony and design principles. Many interesting stencil and linoleum block designs were made and applied to Christmas cards, book plates, pillow tops, luncheon sets and scarfs.

It is still necessary to hold the Art classes in the cafeteria. The arrangement is much more satisfactory than in previous years when the cafeteria was also used for the hot lunches. Through the co-operation of Mr. Hannaford and the boys in the shop the room has been equipped with a large drawing table, six stools, six small tables and a display board.

ELEMENTARY SCHOOLS

The course outlined for the grade schools varies little from last year. It is subject to changes as the occasion arises. Emphasis is placed on the integrated projects. They are planned and developed by the pupils, under teaching guidance, and require much group work. They stimulate

the creative power of the child and meet the individual interests. Such projects also afford an opportunity for the application of the knowledge gained in other Art lessons — such as composition, figure drawing, color and design. Finger painting, modeling, paper construction, weaving and lettering are also included in the outline.

Each grade in the Mallett School has two lessons a week, one by the supervisor and one by the room teacher. The outside schools are visited once each week.

During the year favors, tray mats and posters were made by the pupils and sent to the Veterans' Hospital at Togus.

Twenty-two posters were entered in the annual Poppy Poster Contest. The posters awarded first prize in each group were entered in the State Contest. One made by a High School freshman received the award, making the tenth State award for a Farmington pupil.

I wish to take this opportunity to thank the teachers for their co-operation and to invite parents and friends to visit the classes. Art work is always on display in the class rooms.

Respectfully submitted,

MARAH S. WEBSTER.

RALPH L. MORTON,

Chief of Police.

POLICE REPORT 1949

If Gilbert and Sullivan are to be believed, "A policeman's lot is not a happy one." The very nature of police work involves regulating and controlling the behavior of the public and, therefore, presents many unpleasant and disagreeable tasks.

Any discipline and control, even when exercised in a tactful, fair and reasonable manner, is resented by many. But, when an arrogant or officious police officer endeavors to enforce any law, his attitude is resented by all to the detriment of not only the Police Department, but every agency and organization concerned with governmental functions.

If the members of a community are intelligently informed and adequately acquainted with the problems, responsibilities and difficulties

that are involved in police work, they are more inclined to be cooperative, sympathetic and understanding. An enlightened public is a more law abiding public.

RALPH L. MORTON,

Chief of Police.

P. S. Always remember, "Don't do as I do, do as I say" is the slogan of the police officer who does not practice what he preaches. In his personal life, a police officer must be, like Caesar's wife, "above reproach." The police officer is a public figure. He is on duty twenty-four hours a day and each member of the community has a right to expect only the best service that he can render.

Annual Report of Public Health Nursing Services

FARMINGTON — 1949

After a short lapse full-time nursing service again became available to Farmington the first of the year.

It was not possible to plan the Annual Meeting of the Health Council in January but in February, Miss Orena Linscott, the president, called the group together and eight new members were appointed. Members on the Council represent all sections of Farmington and various local organizations. Through the interest and activity of the Health Council public health service has been maintained in spite of unavoidable change of nurses who have been assigned to Farmington.

In the beginning of the year dental clinics were sponsored by the P. T. A. and many children who were otherwise unable to secure dental care were treated at this time. It was through the cooperation and efforts of the P. T. A., the dentists, the hospital, the Health Council and interested citizens that this care was made available and appreciation has been expressed by many for the service.

The Child Health Conferences have continued monthly with un-failing regularity. Much credit is due Mrs. Margaret Small, Chairman of the Child Health Conference Committee which is one sub-committee of the Health Council, for the success of these conferences. A full staff of volunteer helpers has been on hand at each conference. Immunizations against tetanus (lockjaw) has been added to the usual diphtheria and whooping cough inoculations. Vaccinations against smallpox is also offered children attending these conferences. The large number of children receiving immunizations has been encouraging. A physician has been present at each conference to give complete physical examinations and consultation with parents for all children attending.

During the summer months five additional Child Health Conferences were held for the benefit of those children who were to enter school in the fall. The interest shown by the many parents who brought their

children was gratifying to the faithful committee who gave many hours and much thought to make these conferences possible.

A school health committee with the chairman appointed from the Health Council has set up plans and made arrangements for physical examinations of the children in grades one, three, six and nine. Volunteer workers under the leadership of Mrs. Dorothea Small, are present at each session to assist the doctor and the nurse with the examinations. Many of the parents have attended with their children and this has given the doctor an opportunity to discuss the health of the child with its parent.

The home visits offer an excellent opportunity for the nurse to talk with the parents and assist with health problems. An effort is made to foster a clearer understanding of the health needs of the individual and to stimulate a desire for the best in healthful living. Since the earlier one can start the more effective can be the teaching, visits to the expectant mother are made as early as possible upon request of the physician and the parents. These visits are continued to the infant and the pre-school as long as the nurse is able to make a contribution to his progress. Follow-up visits are made to the parents of children who are found to have some health problem at the time of examination in the child health conference or the school program, and an effort is made when necessary to assist in planning for the recommended care. Where it is possible children are referred to the special clinics which are set up to deal with various problems. Through the cooperation of the teachers, the parents and the physicians we can come closer to a realization of optimum health for all.

It has been an interesting, stimulating year and your public health service has been going forward with ever increasing interest and cooperation of individuals and organizations in Farmington. I sincerely hope that the new nurse will receive as good cooperation and help as has been given this past year.

Respectfully submitted,

(MRS.) HAZEL H. BARKER, R. N.,

Public Health Nurse.

Town Clerk's Report

To the Selectmen of the Town of Farmington:

Gentlemen: The following number of returns of births, marriages and deaths, have been made to this office for the year from February 1, 1949, to February 1, 1950.

LECTMEN - TOWN MANAGER GOVERNMENT

ANNUAL REPORT 1950

IMPORTANT

All taxpayers should read the following requirement and comply with it.

CHAPTER 81, SECTION 35 OF THE REVISED STATUTES, 1944

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in Town, or shall notify them, in such other ways as the Town at its annual Meeting directs, to make and bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they are possessed on the first day of April of the same year. If any resident owner, after such notice, or any non-resident owner after being reasonably requested thereto by the assessors does not bring in such lists, he is hereby barred of his right to make application to the assessors, or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer."

The Assessors hereby give notice that they will be in session at the Community Building on the second and third days of April, 1951, from 9 o'clock A. M. to 4 o'clock P. M. for the purpose above stated.

LETTER OF TRANSMITTAL

To The Board of Selectmen and Citizens of Farmington:

Through the pages of this report your Manager takes advantage of his third opportunity to discuss with you the affairs of your town.

This report embraces many subjects covering a wide field of activity. Every effort has been made to give you a true picture of the operation of every department.

If this report fails to provide the reader with the desired information on any subject, your Manager would welcome an opportunity to discuss the matter more in detail with any interested person.

The Members of the Board of Selectmen who bear the brunt of many complaints and requests from the Town, and have to answer to the taxpayers, have cooperated very well and I would like to thank them for their attendance and attention at the meetings throughout the year. I also wish to express my appreciation, and thank the Budget Committee for their cooperation, the Town employees for their untiring efforts and service.

Respectfully,

WALTER P. LEMKE.

STATE OF MAINE
State Department of Audit
Augusta

February 21, 1951

Board of Selectmen
Farmington,
Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, the records of the Town of Farmington have been audited by the State Department of Audit for the period February 1, 1950 to January 31, 1951 inclusive.

The examination was made by Auditor S. S. Davis in accordance with generally accepted auditing standards that pertain to municipal accounting. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and Schedules incorporated in this report present the result of the financial operations of the Town for the period designated. Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY,
State Auditor.

FMB:jfw

COMMENTS

TOWN OF FARMINGTON FEBRUARY 1, 1950 TO JANUARY 31, 1951

An audit has been completed of the books and records of the Town of Farmington for the fiscal year ended January 31, 1951. The audit included an examination of the records kept by the Town Manager, as Manager and Tax Collector, and those of the Treasurer, Assessors, and Town Clerk. The result indicates that the financial transactions of the Town were handled in accordance with the requirements of law. In no account did expenditures exceed the amount appropriated at the annual Town meeting, or the transfers authorized at subsequent special meetings.

During the year parking meters were installed on the business streets of the Town. The initial contract called for an outlay of \$10,631.62 to be paid from parking meter receipts. Recorded receipts to January 31, 1951, amounted to approximately \$3,000.00 and payments on the contract totaled \$1,214.16.

It is believed that the accompanying balance sheet together with the related financial statements fairly present the financial position of the Town at January 31, 1951, and the result of its operations for the year then ended.

SCOPE OF AUDIT

The systems of the various municipal officers were reviewed and internal controls, accounting records, and other supporting evidences were tested by methods and to the extent deemed appropriate. Cash accounts were verified and receipts, disbursements, and supporting data were examined. Verifications were made of tax accounts, tax liens, and accounts receivable. Surety bonds and insurance policies of the Town were examined.

ASSETS

The cash balance of \$35,997.44 at the year end was reconciled and was accounted for as follows:

First National Bank, Farmington, Maine	
General Cash Account	\$34,889 82
Parking Meter Account	1,100 82
Cash on Hand	6 80
Total	<u>\$35,997 44</u>

From an analysis of receipts and deposits, it was determined that all monies for which receipts had been issued had been deposited in the bank with the exception of \$6.80 which was cash on hand.

It was determined that all disbursements had been made by check from warrants issued by the Selectmen. All warrants were examined and were found to have been properly approved.

Transactions affecting tax and tax lien accounts were reviewed. All unpaid accounts at the year end were checked and found to be in agreement with the balances shown on the records of the Town Manager.

Accounts receivable consist largely of charges for equipment rental, sewers, charity and labor and materials from the highway department. The accounts are segregated as follows:

1950 Accounts	\$2,889 84
1949 Accounts	1,771 47
1948 and Prior Accounts	2,569 50
Total	<u>\$7,230 81</u>

Due to the age of the 1949 and prior accounts a reserve for the full amount of this indebtedness has been established to provide for possible losses in collection.

LIABILITIES

All bonds and serial notes maturing during the year were paid from appropriations made for that purpose. The payments and the unpaid balances are as follows:

Bonds — Paid \$11,000.00 — Outstanding	\$11,000 00
Notes — Paid \$5,000.00 — Outstanding	13,000 00

According to the terms of the parking meter contract, future revenue from this source, totaling \$9,417.46, will be required to liquidate the contract.

RESERVES AND SURPLUS

The records of revenues and expenditures of the various appropriation accounts were examined in detail. From this examination, it was determined that the unexpended balances of these accounts totaled \$21,758.93. In accordance with the practice of reappropriating the unexpended balances at the next annual meeting, the unexpended balances have been carried forward.

The transactions affecting excise taxes are summarized as follows:

Unexpended Balance (1949-50) — 2 1 50	\$19,938 79
Collections:	
1950 Excise Taxes	\$16,123 35
1951 Excise Taxes	4,502 45
	<hr/>
Total Collections	20,625 80
	<hr/>
Total Available	40,564 59
Transfers:	
Roads and Bridges	21,000 00
Incidentals	2,000 00
Bleachers	2,500 00
Farmington Village Corp.	582 35
	<hr/>
Refunds:	
Overpayments	9 61
	<hr/>
Total Transfers and Refunds	26,091 96
	<hr/>
Unexpended Balance — 1 31 51	<u>\$14,472 63</u>

All transfers affecting excise taxes were found to have been authorized by the voters.

The unappropriated surplus was decreased by \$1,558.55 during the year and totaled \$10,549.75. This decrease is summarized as follows:

Decrease:

Adjustment of Reserve for Losses on Accounts Receivable	\$2,974 34
Taxes Charged Off	99 42
Tax Deeds Charged Off	22 15
	<hr/>
Total Decrease	\$3,095 91

Increase:

Balances of Appropriation Accounts Not Reappropriated in 1950	628 70
Excess of Available Funds over Ex- penditures	908 66
	<hr/>
Total Increase	1,537 36

Net Decrease	<hr/> <u>\$1,558 55</u>
--------------	-------------------------

REVENUES AND EXPENDITURES

A comparative statement of revenues and expenditures disclosed that for the 1950 year available funds exceeded expenditures by \$908.66. This excess represents the net unexpended balances which were lapsed to surplus January 31, 1951. In comparison with the previous year, all balances were carried forward to be reappropriated. This increase was accounted for as follows:

Increased Revenues	\$29,093 17
Less — Increase in Revenue Applicable to Appropriation Carrying Balances	4,331 74
	<hr/>
	24,761 43
Increased Expenditures	23,852 77
	<hr/>
	\$908 66

Revenues increased \$29,093.17 over the previous year with major differences being noted in the appropriations of available Excise Tax, State of Maine, Community Building Rental, and Parking Meter Income.

Expenditures increased \$23,852.77 over the previous year with major differences being noted in Highway, Education, Recreation, Protection, and Unclassified accounts. An analysis revealed that the factors contributing to these differences were anticipated and considered in the budget.

DEBT FUND

The amount necessary to retire notes and bonds from future revenues is \$24,000.00 and will be amortized as follows:

Notes: 1951	\$ 5,000 00
1952	5,000 00
1953	3,000 00
Bonds: 1951	11,000 00
Total Amount Necessary to Retire Notes and Bonds	<u>\$24,000 00</u>

TRUST FUNDS

All income accruing to the several funds held in trust by the Town was verified from the records of investments. The bonds and savings passbooks were examined and found to be as listed (Schedule A-10). Expenditures appeared to have been made in accordance with the terms of the various trusts.

GENERAL

The excise tax collections for the year were examined in detail and verified from the copies of the receipts retained by the Collector. The collections are summarized as follows:

1950 Excise Taxes — Receipts No. 413 to 2049	\$16,123 35
1951 Excise Taxes — Receipts No. 1 to 265	4,502 45
Total	<u>\$20,625 80</u>

RECOMMENDATIONS

The following recommendations are believed worthy of consideration by the municipal officials:

A system of accounting for Town owned property and equipment should be adopted so that a record will be available to show values and other pertinent data for Town capital investments.

Transfers between accounts should be made by journals rather than by use of Town checks. By using Town checks the cash receipts and disbursements are inflated.

Report of Superintendent of Schools

Farmington, Maine
February 15, 1951

To the Superintending School Committee:

Herewith is submitted my annual report of the Schools of Farmington for the fiscal year 1950-51.

THE SCHOOL BELL RINGS

School Year 1950-51

September 6, 1950	Opening date — High School
September 11,	Opening date — Elementary Schools
December 15	Closing date — Fall term
January 1, 1951	Opening date — 1st Winter term
February 16	Closing date — 1st Winter term
February 26	Opening date — 2nd Winter term
April 13	Closing date — 2nd Winter term
April 23	Opening date — Spring term
June 15	Closing date — School year — Elementary Schools
June 19	Closing date — School year — High School

SPENDING THE SCHOOL DOLLAR

Teachers — exclusive of Mallett School	49.4 cents
Mallett School Maintenance	20.7
Conveyance	7.1
Out of town Tuition	.5
Textbooks and Supplies	5.5
Janitor and Cleaning	7.5
Utilities and Fuel	3.6
Equipment	.7

Repairs	2.3
Insurance	.9
Administration	1.8

Tuition rate — Elementary Schools	\$100.00 a year
High School	184.60
School tax rate based on State Valuation figures	.02576
Average for State	.02630

Under existing statutes the State Reimbursement for teaching positions is based on the local school tax rate and should entitle Farmington to \$760. each in December 1951.

CARING FOR SCHOOL BUILDINGS

The following improvements have been made to school buildings during the year.

High School

- Finished painting outside trim
- Painted two classrooms

Mallett School

- Painted lavatories
- Window shades for two classrooms and auditorium
- Darkening shades for one classroom
- Desks for one classroom
- Repaired stoker and bell clock

West Farmington

- Painted two classrooms, two basement rooms and corridor

Farmington Falls

- Shingled roof
- Painted exterior and one classroom

Fairbanks

- Assisted with plumbing for Warm Lunch room

Needed Improvements:

- New heating plant — Farmington Falls
- Insulation or improvement of heating facilities — Fairbanks
- Improve lighting facilities, repair foundation — Fairbanks
- Additional stoker, paint auditorium and corridor — Mallett School
- Masonry work on roof parapet, improvement of lighting facilities and sanitary facilities — High School

Automatic heating should eventually be installed in all outlying buildings where full time janitor service is not available.

Of course the outstanding major need is increased classroom space, preferably for high school purposes. The point has already been reached where more teachers cannot be added in the Mallett School for lack of classrooms, and it would seem that beginning next September (1951) some classes already in school will have to be divided into two divisions, each attending one half day as the junior primary grade now does.

Report of Music Supervisor

To the Superintendent of Schools:

My Annual report as Supervisor of Music is herewith submitted.

HIGH SCHOOL

For the fourth time, student musicians were sent to represent the school at the New England Concert Festival. This time the event took place in West Springfield, Mass. Four students participated in the 200 piece orchestra, while five more were members of a chorus of 300 voices. This composite chorus was particularly fortunate in being trained by Dr. Lora Huggard, one of Fred Waring's directors. Strenuous rehearsals for three days and evenings culminated in two fine concerts, one of which was broadcast.

Other out-of-town trips were made by entire groups. In May, the girls' choir, the mixed choir, and the orchestra went to Augusta in chartered buses to attend the Eastern Maine Music Festival. At this non-competitive event they received criticisms and suggestions from competent adjudicators, and each group received a Division I rating. Two weeks later, the orchestra went to Rutland, Vermont to present selections at the New England Audition Festival. At this event, also non-competitive, they again received a Division I rating, special commendation being given to the balance of instrumentation.

Funds to help finance the above-mentioned trips were raised by three concerts given by the three major musical organizations. In December, the girls' choir presented a program of Christmas music; in April, the mixed choir put on an Easter concert, and in May the orchestra gave a spring concert.

An innovation on the music program this current school year is a class in Music Appreciation. Twenty-five students are registered for the course and meet five times a week. For the first semester, emphasis has been placed on some of the more simple musical forms, and a thorough study of the symphony orchestra. The second semester will include a consideration of outstanding composers, and also of some of the well-known vocal artists of the day. Students are encouraged to bring

their own favorite records to class, and an effort is made to allow time near the end of the period to play such selections.

A complete list of musical presentations during the year follows:

- February: Program over the P.A. system
- March: Incidental music for the Senior play
- April: Trio music for the D.A.R.
A duet for a Philathea meeting
Mixed choir Easter concert
Trio music for prize speaking finals
New England Concert Festival
- May: Orchestra concert
Eastern Maine Music Festival
New England Audition Festival
- June: Three graduation events
- October: Background music for a Silver Tea
- November: Incidental music for the Senior play
Program over the P.A. system

GRADE SCHOOLS

Last year the practice of having afternoon musicales sponsored by different grades was inaugurated at the Mallett School. This gave every child in a grade a chance to sing in the choral numbers, and an opportunity for individual students to display their special talents. Grades 5-8 participated in this activity. The programs were so popular that the idea was extended to include the outlying schools, and the three larger schools sent their intermediate grades into town to present selections for the Mallett School students.

Classroom teachers in the West Farmington school used the results of their daily music teaching to good advantage in December when they presented their pupils in an operetta at the Grange Hall. At Farmington Falls the intermediate room has its own orchestra under the direction of the room teacher, and a similar group will be formed in the Fairbanks school in the near future. All teachers are using the musical skills developed in their classrooms as they present their many school programs.

A complete list of musical presentations during the year follows:

MALLETT SCHOOL

- February: Concert
 Grade 7 musicale
 March: Orchestral program at F.S.T.C. chapel
 Junior orchestra entertainment
 May: Proverty concert
 Eastern Maine Music Festival
 Grade 5 musicale
 Grade 6 musicale
 November: Grade 8 musicale
 December: Grade 7 musicale

WEST FARMINGTON SCHOOL

- March: Program at the Mallett School
 December: Operetta (prepared by the classroom teachers.)

FAIRBANKS

- March: Program at the Mallett School

FALLS

- March: Program at the Mallett School

I should like to take this opportunity to thank the friends of the music program for their patronage of our assemblies and concerts, and for their most generous response to our transportation needs.

Respectfully submitted,

IOLA H. PERKINS.

Report of Art Supervisor

Mr. J. Arthur Green
Superintendent of Schools
Farmington, Maine

Dear Sir:

I herewith submit my annual report as Supervisor of Art in the public schools of Farmington.

HIGH SCHOOL

The High School Art Classes meet on Monday. There are six divisions — one each for freshmen, sophomores, junior and seniors, one for freshmen and sophomores, and one juniors and seniors working together. The classes are conducted on the rotating schedule which enables a larger number of pupils to enroll. The enrollment is larger than any other previous year — sixty-eight. Forty-one of that number work two periods.

Most of the pupils show more than average talent. The aim of the course is to stimulate and encourage creative ability and to develop the special interests of the individual pupil. The outline is similar to that of the previous year, subject to change as the occasion arises.

ELEMENTARY SCHOOLS

The course outlined for the grade schools places much emphasis on the integrated projects. Such projects stimulate the creative power of the child and meet individual interests. They afford an opportunity for the application of the knowledge gained in other art classes, such as figure drawing, color and design. The course also includes lettering, stenciling, finger painting, modeling and weaving.

Because of the increase in the number of pupils and the added classes the supervisor teaches one lesson a week in each grade in the Mallett School instead of two. The other classes are carried on by the room teacher under her supervision.

The outlying schools are visited once each week.

Twenty-four posters were entered in the annual Poppy Poster contest. The poster from each group winning first award in the local contest was entered in the state contest as usual. In this contest first award went to a High School freshman making twelve state awards for Farmington pupils.

I wish to thank the teachers for their cooperation. I also wish to thank the First National Bank for the offer of window space for exhibiting the work of the art classes.

Art work is always on display in each classroom. Parents and friends are always welcome to visit the classes.

Respectfully submitted,

MARAH S. WEBSTER,

Supervisor of Art.

Annual Report of Public Health Nursing Services

FARMINGTON — 1950

"The enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being without distinction of race, religion, political belief, economic or social condition." This quotation taken from the preamble of the Constitution of the World Health Organization your public health nurse believes to be particularly applicable here since the citizens of Farmington have cooperated so well to promote better health for all in the community. Much credit for the continued interest and cooperation is due to the members of the Health Council.

The Child Health Conferences held monthly have been very well attended. Their success is due chiefly to the untiring efforts of Mrs. Margaret Small, the Chairman of the Child Health Conference Committee, and her staff of volunteer helpers. Immunizations against diphtheria, whooping cough, tetanus and smallpox are offered as well as a complete physical examination for every child. At least one physician is present at each conference to give the immunizations and physical examinations and to discuss with the parent and your public health nurse any health needs which may be present. Special Child Health Conferences were held during the summer months for the children entering school in September. These were quite well attended but it is hoped that even more parents will take advantage of them next year.

The school health committee under the Chairmanship of Mrs. Muriel Bigelow has been very active the past few months. Children in the 1st, 3rd, 6th and 9th grades as well as any others whom the teachers, parents or nurse felt it expedient were given physical examinations. Parents are urged to attend these with their child in order that they may discuss with the doctor any health needs. Many parents have attended. Home visits were made by your public health nurse to discuss with those parents unable to be present any recommendations made by the doctor.

The Finance Committee of the Health Council under the Chairmanship of Mr. Elden Hall has been very helpful. Through this committee dental work has been done and many eye corrections made possible.

Plans are being made for immunizing the school children during the current school year. In 1949 at the Annual Health Council Meeting held in Farmington, Dr. Brinkman spoke on the importance of immunization against tetanus or lockjaw. Shortly after this it was made possible to offer tetanus immunizations at our Child Health Conferences. However, since tetanus has been given for only the past year and a half it means that a large majority of the school children have never received any immunization against tetanus. It is hoped by your public health nurse and many interested parents that it will be possible to offer this protection in addition to the smallpox vaccination, diphtheria and whooping cough immunizations in the near future.

The hearing of all school children above the fourth grade level will be tested with the audiometer later during the year.

The Dental Clinic is again being sponsored by the P. T. A. Thus dental care is made available to many children who otherwise would be unable to have this care at present. This year as was true last year the success of the dental program is due to the cooperation of our local dentists, hospital and interested volunteer workers.

Home visits are made to help the family obtain a clearer understanding of their individual health needs. During the past year visits have been made to help the family in the care and understanding of the patients who have or have had a communicable disease including venereal disease or tuberculosis. Visits were made to expectant and new mothers. Visits were made to interpret to the family recommendations made by the physician at the Child Health Conferences and School Health Examinations. Where necessary, referrals were made to special clinics which deal with the specific problems. Visits were made to each of the schools in Farmington at regular intervals to discuss with the teachers any health needs which may be present.

The promotion of better health for Farmington is a cooperative undertaking. Doctors, teachers, parents, local organizations, the Health Council, Town Officials and interested individuals are working together to obtain optimum health for all. Your public health nurse wishes to take this opportunity to express her appreciation for the interest and cooperation during the past year. We are looking forward to even greater accomplishments during the coming year.

Respectfully submitted,
 (Miss) ELIZABETH E. KETTELL, R. N.,
 Public Health Nurse.

Town Clerk's Report

To the Selectmen of the Town of Farmington:

Gentlemen: The following number of returns of births, marriages and deaths, have been made to this office for the year from February 1, 1950, to February 1, 1951.

In Farmington, October 29, 1950, Arthur Clarence Macomber of Wilton, age 78 years.

In New Sharon, October 31, 1950, Harry Quincy York of New Sharon, age 83 years.

In Farmington, November 4, 1950, Hattie Butterfield Woodcock of East Wilton, age 76 years.

In Farmington, November 4, 1950, Sarah Emerson Robinson of Haverhill, Mass., age 70 years.

In Farmington, November 5, 1950, Linwood F. Nelson, age 78 years.

In Farmington, November 10, 1950, Dean Winfield Swift, age 70 years.

In Farmington, November 12, 1950, Sherman J. Howard of Weld, age 83 years.

In Farmington, November 16, 1950, Mabel Eleanor Merrow of Alfred, age 28 years.

In Farmington, November 24, 1950, Lottinia Moody Luce, age 80 years.

In Farmington, November 25, 1950, Elias Torrey Bachelder of Chesterville, age 59 years.

In Farmington, November 29, 1950, Gertrude Brown Richards of Strong, age 72 years.

In Farmington, November 29, 1950, Lewis Whitman Ripley, age 80 years.

In Farmington, December 1, 1950, Vernie W. Hill, age 71 years.

In Farmington, December 8, 1950, Walter Lester Ayers, age 72 years.

In Farmington, December 10, 1950, Elbridge Greenleaf Varney, age 78 years.

In Farmington, December 12, 1950, Arthur Garfield Merchant of Temple, age 70 years.

In Farmington, December 14, 1950, Jane Lord Kendrick, age 82 years.

In Farmington, December 16, 1950, Jacob G. Loring of Livermore Falls, age 83 years.

In Hermon, December 16, 1950, Harriet S. Thayer, age 83 years.

In Farmington, December 17, 1950, Ernest Warren Voter, age 71 years.

In Farmington, December 20, 1950, Flora Elsie Storer, age 66 years.

In Farmington, December 22, 1950, Bessie B. Lawry, age 53 years.

In Farmington, December 25, 1950, George Shepard Linscott, age 82 years.

In Farmington, December 26, 1950, Jane Read Hopp of Jay, age 68 years.

In Farmington, December 26, 1950, Cyrus Gilbert Houghton of Wilton, age 73 years.

In Farmington, January 1, 1951, Gertrude Safford Wescott of North New Portland, age 79 years.

In Farmington, January 12, 1951, Barbara MacLean Bacheller, age 86 years.

In Farmington, January 21, 1951, Maxine Maki McCleary of Strong, age 27 years.

In Farmington, January 21, 1951, Dale Ernest Young of North Anson, age 2 years.

In Farmington, January 26, 1951, Rosa M. Bisson, age 75 years.

Respectfully submitted,

LEON R. GOODWIN,

Town Clerk.

Town Warrant

To Ralph Morton, a Constable of the Town of Farmington, in the
County of Franklin, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Farmington, qualified by law to vote in Town affairs, to assemble in the Community Building on Middle Street in said Town, on the fifth day of March, 1951, at six o'clock in the forenoon STANDARD TIME, to act on the following articles, to wit:

ARTICLE 1

To choose a Moderator to preside at said meeting.

Town of FARMINGTON

LECTMEN - TOWN MANAGER GOVERNMENT

ANNUAL REPORT

1951

IMPORTANT

All taxpayers should read the following requirement and comply with it

CHAPTER 81, SECTION 35 OF THE REVISED STATUTES, 1944

"Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in Town, or shall notify them, in such other ways as the Town at its annual Meeting directs, to make and bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they are possessed on the first day of April of the same year. If any resident owner, after such notice, or any non-resident owner after being reasonably requested thereto by the assessors does not bring in such lists, he is hereby barred of his right to make application to the assessors, or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayer."

The Assessors hereby give notice that they will be in session at the Community Building on the first and second days of April, 1952, from 9 o'clock A. M. to 4 o'clock P. M. for the purpose above stated.

LETTER OF TRANSMITTAL

To The Board of Selectmen and Citizens of Farmington:

In presenting this report for the fiscal year ended on January 31, 1952, the fourth under Selectmen-Manager Form of Government, every effort has been made to present a true picture of the operation of every department.

This report summarizes the activities of all departments of the Town and shows the Town's financial standing in detail.

A serious problem facing us is the growing demand for more and better services at a time when costs are mounting rapidly.

The early season's heavy rains and heavy snow storms put our highway and snow removal crew to their toughest test and task. The challenge was met and the work was done very satisfactorily.

Maintenance of sewers, new sewer construction, and drainage of Pratt Athletic Field, were taken care of very well by the Sewer Department crew.

I am pleased to report a sharp decrease in the number of families receiving aid from the Town in 1951. An unextended balance in this account is carried forward to next year.

I wish to thank our Board of Selectmen, Treasurer and Bookkeeper, and office help for their cooperation and their loyal and faithful service.

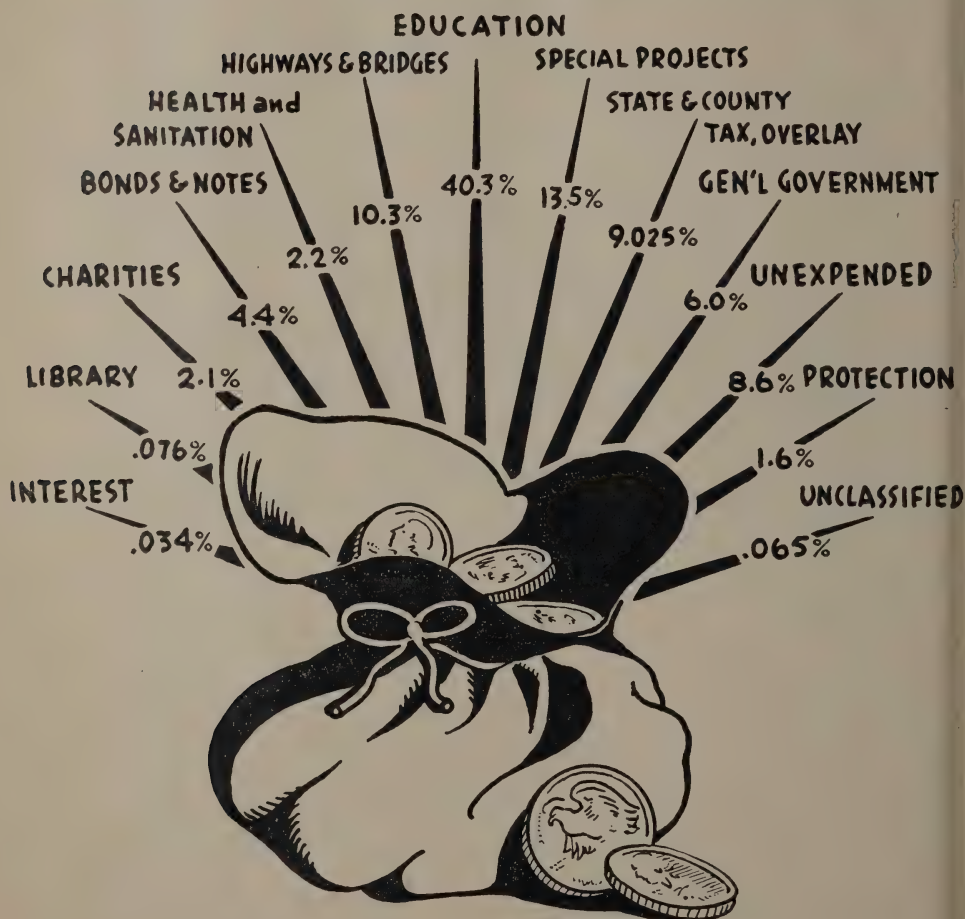

To our fellow Townspeople of Farmington—we, your policy and administration officials, wish to thank you all for your splendid cooperation and interest in our endeavor to make Farmington, our Home Town, a finer community in which to live.

Respectfully submitted,

WALTER P. LEMKE,

Town Manager

FRED M. BERRY
STATE AUDITOR

MICHAEL A. NAPOLITANO
DEPUTY STATE AUDITOR

MORRIS W. BRAGDON
DEPARTMENTAL AUDITOR

C. NEWELL DYKE
MUNICIPAL AUDITOR

STATE OF MAINE
State Department of Audit
Augusta

February 25, 1952

Board of Selectmen
Farmington,
Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, the records of the Town of Farmington have been audited for the fiscal year ended February 1, 1952.

The examination was made by Auditor S. S. Davis in accordance with generally accepted auditing standards that pertain to municipal accounting. Audit analysis was on a basis consistent with that of the preceding year and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the result of the financial operations of the Town for the period designated. A recommendation is offered which is believed worthy of consideration.

All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY,

State Auditor.

FMB:djt

COMMENTS

TOWN OF FARMINGTON

FEBRUARY 1, 1951 TO FEBRUARY 1, 1952

An audit has been completed of the books and records of the Town of Farmington for the fiscal year ended February 1, 1952. The audit included an examination of the records maintained by the Town Manager, Assessors, Treasurer, Tax Collector and Town Clerk.

The result of the audit indicates that the following suggestion appears worthy of consideration by the Town Officials:

All transfers between accounts should be recorded by journal entries rather than to clear through the Treasurer's cash account.

The examination consisted of a review of cash transactions as well as an analysis of revenues and expenditures. The result of the year's operations showed that available funds exceeded expenditures by \$5,574.66. This amount consisted principally of the overlay in assessment and was transferred to the surplus account at the year end.

At a special town meeting held on January 16, 1952, it was voted to transfer excise tax receipts totaling \$800.00 to the community building account and the balance to the highways and bridges account. The total excise taxes available for transfer amounted to \$36,189.69.

Other transfers were made from the 1951 supplemental tax account in the amount of \$531.45 and from the Sewer Construction — Cattle Pound Hill account in the amount of \$473.90. These transfers were credited to the following accounts:

Abatements	\$186 86
Fire Department	137 10
Special Resolve	119 47
Retaining Wall — Main St.	88 02
Sewers	473 90
Total	<u>\$1,005 35</u>

During the 1951|52 municipal year the school and community building bonds, totaling \$11,000.00 were retired. Serial notes, amounting to \$5,000.00, also came due and were paid from funds made available by appropriation.

New serial notes were issued during the year to finance the purchase of a power shovel. These notes totaled \$10,857.00 and mature at the rate of \$2,171.40 each year for five years, the first note coming due in April 1952.

A comparative statement of revenues and expenditures (Exhibit B); disclosed that for the 1951 year, revenues exceeded those of the previous year by \$28,009.97. Expenditures for the same period increased by \$22,371.84. The factors contributing to these differences were reviewed with no exceptions noted. Following is a summary of the differences as compared with those of the 1950 year:

Increased Revenues

Real Estate, Personal and Poll Taxes	\$12,977 87
Excise Taxes Transferred	10,687 69
State of Maine	3,303 29
Tuition	3,502 83
	<hr/>
	\$30,471 88
Less — Other Accounts (net)	2,461 71
	<hr/>
Net Increase	<u><u>\$28,009 97</u></u>

Increased Expenditures

Highways and Bridges	\$19,125 85
Education	14,388 89
	<hr/>
	\$33,514 74
Less — Other Accounts (net)	11,142 90
	<hr/>
Net Increase	<u><u>\$22,371 84</u></u>

Included in the expenditures of the highways and bridges account was approximately \$15,000.00 for the use of Town owned equipment. The transactions were cleared through the Treasurer's cash account rather than by the use of journal transfers.

At the year end the general fund unappropriated surplus amounted to \$16,119.93, or a net increase of \$5,570.18, as compared with the preceding year. The increase was occasioned principally by the excess of available funds over expenditures, totaling \$5,574.66, less miscellaneous adjustments affecting prior years of \$4.48.

The balance in the parking meter fund, after payments on contract, policing, clerical and other related expenses amounted to \$1,558.86. Approximately one half of the parking meter contract was liquidated during the year from parking meter revenue. Future revenue requirements to complete the contract total \$5,273.20.

During the year, accounts receivable totaling \$2,936.05 were certified to the Board of Selectmen as uncollectable and approval was granted by them to charge the accounts off to the reserve for losses.

The examination included verification of accounts receivable, tax and tax lien accounts. The examination further included a review of insurance policies and surety bonds of the Town Officials. Corporate surety bonds were furnished by the Hartford Accident and Indemnity Company and the American Fidelity Company and covered the following Officials:

Tax Collector	\$10,000 00
Treasurer	10,000 00

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at February 1, 1952, and the result of its operations for the year then ended.

Report of Superintendent of Schools

Farmington, Maine
February 15, 1952

To the Superintending School Committee:

Submitted herewith is my annual report of the schools of Farmington for the fiscal year 1951-52.

SCHOOL CALENDAR

September 5, 1951	Opening date — High School
September 10	Opening date — Elementary Schools
December 14	Closing date — Fall term
January 2, 1952	Opening date — 1st Winter term
February 15	Closing date — 1st Winter term
February 25	Opening date — 2nd Winter term
April 11	Closing date — 2nd Winter term
April 21	Opening date — Spring term
June 13	Closing date — School year — Elementary Schools
June 17	Closing date — School year — High School

THE SCHOOL DOLLAR

Teachers — exclusive of Mallett School	47.23 cents
Mallett School maintenance	20.63
Elementary tuition	.73
Conveyance	6.66
Janitor	8.54
Utilities and fuel	3.41
Textbooks and supplies	5.26
Classroom and playground equipment	1.35
Repairs & Water supply Briggs school	3.01
Insurance	1.18
Cafeteria Service	.17
Administration	1.83

Tuition rate—Elementary Schools	\$100.00
High School	201.87
Per Capita cost for conveyance	30.99
School tax rate based on State Valuation figures	.062
Average for State	.08029

In connection with the above unit items of expense it may be pertinent to call attention to new legislation relative to state subsidy for school purposes. Laws for the distribution of Educational Aid to towns based on the five factors of (1) high school tuition, (2) school enrollment, (3) closed schools, (4) teaching positions and (5) equalization needs have been repealed and replaced by a General Purpose Educational Aid law. Under this new General Purpose law state subsidies will be distributed on the basis of a town's ability to support education as determined by its school enrollment and State Valuation. Actual distribution will be based on a fixed percentage of the total operational expenditure for all school purposes except major repairs and new buildings. The Town of Farmington under its present classification will receive an amount equal to 30% of the first \$20,000 expended for education and 25% of the balance of its educational expenditures for any one year.

SCHOOL BUILDINGS AND FACILITIES

Improvements made on buildings and facilities during past year include the following:

High School

Parapet high school roof; additional new desks; new light fixtures — 2 rooms; painted assembly room, corridors and fire escapes.

Farmington Falls

Installed new oil burning furnace; additional new desks.

Fairbanks

Additional new desks.

West Farmington

Completed painting interior.

Mallett School

Painted auditorium and outside entrances.

Briggs School

Well drilled.

Cafeteria

New refrigerator.

Needed Improvements

West Farmington

Heating plant and improved playground space. Soot and cinders from the neighboring mills are an annoyance from a cleanliness standpoint. To eliminate this, however, and the annoyance from the hum of machinery would require major operational changes. If present wood burning furnaces can be replaced by an oil burning type, the basement room should be made suitable for play opportunities in inclement weather and possible cafeteria purposes.

Fairbanks

Insulation and improvement of heating and lighting facilities.
Improved playground area and repair of foundation.

Briggs School

Complete installation of water and toilet facilities; improved lighting facilities.

Mallett School

Additional stoker.

High School

Repair of rear porch and entrance; additional improved lighting facilities and sanitary facilities.

MORE CLASSROOM SPACE FOR BOTH HIGH AND ELEMENTARY SCHOOLS

Report of the High School Principal

Following is the "state of the school" report of Farmington High School for the year 1951-1952:

Scholastically, our teaching standards are excellent as is shown by the fact that recent graduates attending the four Maine Colleges have maintained above average grades. The values in our marking system have been raised to conform to systems used in other schools in the state.

Financially, we were confronted with a deficit of a sum of money between \$600 and \$700 last spring. This debt has been discharged, and we are now working on a balanced budget. We saved money by curtailing expenses, by using private cars instead of buses on athletic trips, by selling food at recess once a week. This has meant co-operation on the part of faculty, pupils, and townspeople, for which I am very appreciative.

Our guidance department is very active, with teachers working tirelessly to assist the youngsters in planning their school courses and future careers. Audio-visual equipment is used extensively.

Other activities such as the newspaper reporting, dramatics, public speaking, and music have been carried on with a great deal of enthusiasm and success. These activities have a great carry over value into future life experiences for the students engaged in them.

Our physical education department should be commended because of its emphasis on character as well as physical training. Ideals of good sportsmanship are stressed, with the result that our athletic teams are composed of boys and girls of character as well as playing ability. Please note that "mens sana" appears before "corpore sano" in the old Latin motto.

The music department is strong in our school, and rightly so, since music can be carried on in post-school days when a person cannot engage in strenuous athletics. Our band, especially, has improved so much that it is on a par with bands of other schools of our size. We hope that uniforms can be purchased for this unit, as now Farmington

is one of the few schools in the state which cannot be represented by a uniformed band. The band has been and still is available for programs for various town organizations.

In conclusion, I cannot stress too much my appreciation for the splendid spirit of cooperation and friendliness which I have found in Farmington. Visitors in the building have commented to me on the good spirit that prevails in our school. Mr. Green, the School Committee, the student body, the faculty, the parents, and friends of the school — all have my sincere thanks for helping make my first year at Farmington High School a pleasant one.

Respectfully submitted,

CHARLES H. DIEHL,

Principal.

Report of Music Supervisor

Farmington, Maine
February 12, 1952

Mr. J. Arthur Green
Superintendent of Schools
Farmington, Maine

Dear Mr. Green:

I herewith submit my annual report as Supervisor of Music.

HIGH SCHOOL

The "Search for Talent" contest, held in February, brought a trophy to the school, when Terence Keef tied for second place in this event, open to students of Franklin County.

In March, four delegates were sent to Auburn to participate in a concert sponsored by the New England Music Festival Association. Two of these students played in the 175 piece orchestra, directed by Professor Francis Findlay of Boston University: the other two were members of a 300 voice chorus directed by Dr. John Raymond. These groups were composed of students from New England high schools. A similar event will take place in New Britain, Connecticut this year, and five Farmington students have already been accepted.

The four delegates mentioned above were also able to take part in a repetition of the Auburn program which was given in Boston.

The girls' choir and the orchestra went to Brewer in May to present selections for criticisms and suggestions at the State Music Festival.

Three students accepted the invitation of the Edward Little High School Parents' Music Association of Auburn to join in a Central Maine choral concert in November. This program was under the direction of Dr. John Raymond.

The Farmington school band, which draws for membership on those of junior high grade at the Mallett School, has been completely re-organized this year. It now takes its place with the other major musical organizations of the school. The rehearsal periods and concert work are under the direction of the music supervisor, while Mr. Diehl assumes responsibility for athletic and marching events. Mention should also be made of the great help given the percussion section by the drum instructor, Mr. Barrett.

During the past year the musical organizations and individual members have presented programs as follows:

- February: "Search for Talent"
- March: New England Festival Concert, Auburn
Old South Guild Cabaret
- April: Instrument Demonstration
Public Speaking
Business and Professional Women's Club
- May: Concert
State Music Festival, Brewer
New England Festival Concert, Boston
Memorial Day Parade
- June: Baccalaureate
Class Night
Graduation
- September: Assembly
- October: Two Assemblies
Hallowe'en Parade
- November: Freshman Parade
Senior Play
D. A. R.
- December: Open House
Concert
Assembly
Rotary Club
- January: Grange
March of Dimes Program

The program this year is much more conducive to the student's musical development. One period a day is set aside for instrumental work, divided between band and orchestra: a second period each day is given to choral work, and is shared by the girls' choir and the mixed choir. Membership is as follows:

Orchestra	30
Band (H. S.)	31
Girls' Choir	33
Mixed Choir	40

GRADE SCHOOLS

The intermediate grades of the outlying schools engaged in an activity which they are planning to make an annual event. In each school, pupils and teachers selected representatives, the number and qualifications agreed upon in advance, to make up a composite chorus and orchestra, which presented an evening program in the Mallett School Auditorium. The result was a forty-five voice chorus and a ten piece orchestra. Soloists from each school were on the program also. The proceeds went to the four schools concerned.

Each week, three of these schools send instrumental players to rehearse with the orchestras at the Mallett School.

At the Mallett School, each grade above the fourth, holds itself in readiness to furnish choral numbers for public performance. This procedure has been found more satisfactory than having a formal glee club or chorus, in that more children feel free to participate.

Two orchestras rehearse weekly. The "A" orchestra has thirty-four members: the "B" orchestra has twenty-seven. Eleven of these young musicians are in the Farmington school band.

During the "Search for Talent" contest last February, Sturges Butler won a first-place cup with his violin solo.

Groups from the Mallett School have participated in musical programs as follows:

February: "Search for Talent"
 Grade 6 Assembly
 Grade 5 Assembly

March: Chapel at FSTC
 Concert
 D A R
 Old South Guild Cabaret

April: Instrument Demonstration
 Chapel at FSTC

May: Farm Bureau
 State Music Festival, Brewer
 Concert

June: Graduation

December: Concert

Respectfully submitted,

IOLA H. PERKINS,

Supervisor of Music.

Report of Art Supervisor

Mr. J. Arthur Green
Supt. of Schools
Farmington, Maine

Dear Sir:

I herewith submit my annual report as Supervisor of Art in the public schools of Farmington.

HIGH SCHOOL

The art course in the High School follows closely that of the previous year. It offers projects which give a knowledge and practical application of the principles of design and color harmony, poster design and lettering. It also includes crafts such as block printing, stencilling and modeling.

A group of girls from the Home Economics department is designing a complete wardrobe practical for a high school girl. This requires figure drawing, line arrangement and a knowledge of the use of color. The same group is making plans for a mural showing the history of costume.

The enrollment in the Art course is increasing each year. This year is the largest with a total of 69, with more than half of that number working two periods.

Many of the pupils show more than average ability. The aim of the course is to develop that ability along the special interests of the individual pupil. Again we feel strongly the need of a well equipped room to be used only for Art classes. Also the need of a full time Art teacher in the High School. This would afford more time for the course so that freshmen, sophomores, juniors and seniors might work in their respective groups and not combined. Under the present full schedule it is impossible for the Supervisor to be at High School more than one day each week. With the large enrollment that is not sufficient time for either teacher or pupils to accomplish the desired results.

ELEMENTARY SCHOOLS

In the Mallett School all grades have two forty minute periods for Art each week, one with the supervisor and one with the room teacher.

The course varies little from that of the preceeding year. It includes lessons on color, design, lettering, modeling, weaving and paper construction. Much emphasis is placed on creative expression. The integrated projects afford an excellent opportunity for this. These projects are planned and developed by the pupils with teacher guidance. They meet the special interests of the individual pupil and afford the opportunity to apply the knowledge gained in other lessons.

At Christmas time the two seventh grades made about one hundred candy boxes which were sent to the Veterans Hospital at Togus. Some of the other grades will make Easter favors and May baskets for the same. The lower grades are forming plans for a scrap book made from used Christmas cards. This will be sent to the Childrens Hospital.

The supervisor visits the four outlying schools once each week. Each room has a forty minute lesson. The same outline is followed but is subject to change to accommodate the mixed grades.

Twenty-eight posters were entered in the Annual Poppy Poster Contest sponsored by the American Legion Auxiliary. The winning posters in the local contest are always entered in the state contest. This time a sixth grade boy won first award which made thirteen state awards for Farmington pupils.

Some of the art work is always on display in the class rooms. Parents and friends are always welcome.

Respectfully submitted,

MARAH S. WEBSTER,

Art Supervisor.

Annual Report of Public Health Nursing Service

FARMINGTON — 1951

Trends in general education indicate that the first place in the scale of human needs is accorded to health because it is fundamental to other needs. Here in Farmington through the efforts of your Health Council and your Public Health Nurse the opportunity for better health is made available to all. A wide variety of services is available such as the Maternal and Child Health, School Health, Communicable Disease, Venereal Disease, Tuberculosis, Morbidity and Adult Health Supervision programs.

The School Health Committee has been especially active during the past year. The usual physical examinations for grades 1 - 3 - 6 - 9, children who have transferred to the Farmington schools and any others whom the teachers, nurse, or parents feel it necessary have been examined. Although these examinations have not been completed at this date the total number is expected to be about 350. Because of the increase in school enrollment the number of children examined has increased each year from 101 done in 1948 to the present number.

For the first time in several years a fairly comprehensive school immunization program was carried out. Immunizations against diphtheria, whooping cough, tetanus and smallpox were offered. It is hoped that in succeeding years booster doses of these immunizations will be offered yearly in order to maintain the immunity acquired through these preschool and school immunizations.

The Audiometer was used to test the hearing of all students in grades 3 through 12. Retests and home visits were made where indicated.

The Child Health Conference committee is still very active. Conferences are held on the second Thursday of every month in North Church Vestry for infants and preschool children. The total attendance this year was 469 with an average attendance of 39 at each session. Two special conferences were held during the summer for children entering school for the first time in September. Immunizations

against diphtheria, whooping cough, tetanus and smallpox as well as a physical examination were offered. A total of 160 children were immunized during the past year.

Several corrections for dental, eye and throat defects were made possible through the Finance Committee of the Health Council.

The dental clinic, as in the past few years, was again sponsored by the P. T. A. The work was done through the efforts and cooperation of our local dentists, parents who volunteered their time and the Franklin County Memorial Hospital where these clinics were held. As a result much dental work was done which otherwise might not have been possible.

During the past year home visits were made to interpret to parents the recommendations of the doctors which were given at the Child Health Conferences or the School Health Examinations. Visits were made to families to assist in prevention or control of communicable diseases, including the childhood diseases, tuberculosis and venereal disease, to help parents understand the reasons for continued care or physical examinations. Visits were also made to expectant and new mothers. Visits were made to persons attending the state sponsored Crippled Children's, Pediatric and X-ray Clinics.

The success of the various health programs in Farmington is due chiefly to the excellent cooperation among interested persons such as parents, doctors, dentists, teachers, the Health Council, local organizations, town officials and other interested individuals. Your public health nurse wishes to express her appreciation for the interest and cooperation during the past year.

Respectfully submitted,

(MISS) ELIZABETH E. KETTELL, R. N.

Public Health Nurse

Report of Chamber of Commerce

February 14, 1952

People of Farmington
Farmington,
Maine

To the People of Farmington, Me.:

We, the Farmington Chamber of Commerce, herewith submit a financial report on the Farmington Information Center and the Christmas Town Decorations for the year 1951, including a report by our Travel Counselor, Eva H. Nickerson. It is our wish to thank the taxpayers of the Town of Farmington for their support in these two projects.

REPORT SUBMITTED BY EVA H. NICKERSON,
TRAVEL COUNSELOR

The official Farmington Information Center sponsored by the Farmington Chamber of Commerce opened for its initial season July 12, 1951 and was operated for nine weeks closing Labor Day, September 3, 1951.

The need for such an information service was demonstrated by the fact that 1,547 spokesmen for that number of different groups of tourists visited the Bureau. Beginning with six calls the first day, inquiries increased until the average for the season rose to about 35 a day. More requested cabin reservations than could be accommodated and for this reason it was frequently necessary to direct them to cabins outside Farmington. Sufficient tourist homes were usually available for those preferring them.

Route 2 was more heavily traveled the first of the season but during the latter part of the summer Route 4, to the Rangeley Region, attracted an equal number.

Many strangers going north became confused on High Street at the intersection of South Street or on South Street at the entrance to Main Street and failed to see the direction of Route 4. There was need also of signs on both High and Main Streets pointing the way to the business district.

Many local people were of great assistance in supplying detailed and specific information in answer to unusual requests. Their co-operation was greatly appreciated. The services of the bureau were used by 147 local people.

The Nordica Home was a focus of interest for some and baseball at Hippach field caused many to remain in town over night.

A large number of travelers came back to the information bureau and reported their satisfaction with the merchandise and service found in Farmington business establishments, and with the courtesy shown by the people who served them.

Respectfully submitted,

EVA H. NICKERSON,

Travel Counselor

We wish to take this opportunity to thank the voters of the Town of Farmington for their generous appropriations which helped us to have an attractive and efficient information center along with the beautiful Christmas decorations. There is no intent to ask for an appropriation this year as the Chamber of Commerce now feels it can finance the continuance of same.

Respectfully submitted,

ELDEN D. HALL JR., President

BERNARD A. ETZEL, Secretary

EDH

To see if the Town will vote to authorize the Selectmen to expend from the capital reserve fund an amount not to exceed three thousand dollars for payments coming due within the year on the power shovel.

Article 82

To see if the Town will vote to enact the following ordinance:

Be it ordained by the inhabitants of the Town of Farmington that no vehicle shall be left parked on the south side of Academy Street; thirty-minute parking of vehicles only shall be permitted on Exchange Street and Cony Street. Whoever shall be convicted of violating the provisions of this ordinance shall be punished by a fine of not more than ten dollars.

Article 83

To see if the Town will vote to appropriate its share of the parking meter revenue and unexpended balance in the parking meter account for police supervision of the meters, police protection, care of streets, maintenance and repair of parking meters and administration expense of parking meter activity.

Article 84

To see if the Town will vote to authorize the Board of Selectmen to exchange the old grader for a new one; the allowance on the old grader to be accepted as a down payment and the balance of the cost to be paid over a period of five years out of the equipment account.

Article 85

To transact any other business that might legally come before this meeting but not pertaining to the raising of money.

Article 86

To choose by ballot, according to the provisions of Sections Forty-six to Sixty of Chapter Eighty of the Public Laws of the Revised Statutes, — 1944, five Selectmen for the term of one year, who shall be Assessors of Taxes and Overseers of the Poor, one Treasurer for the term of one year, one Town Clerk for the term of one year, two members of the Superintending School Committee for a term of three years, and one member for a term of one year.

The Polls for the election of these officers will be open at 6:00 o'clock in the forenoon and close at 10:00 o'clock in the forenoon, Eastern Standard Time.

The Selectmen hereby give notice that they will be in session at the Community Center on Thursday, Friday and Saturday, February 28, 29, and March 1, 1952, from 9:00 o'clock in the forenoon until 4:00 o'clock in the afternoon, each day, for the purpose of correcting the list of voters of this Town.

Given under our hands at Farmington, Maine, this twenty-third day of February, A. D. 1952.

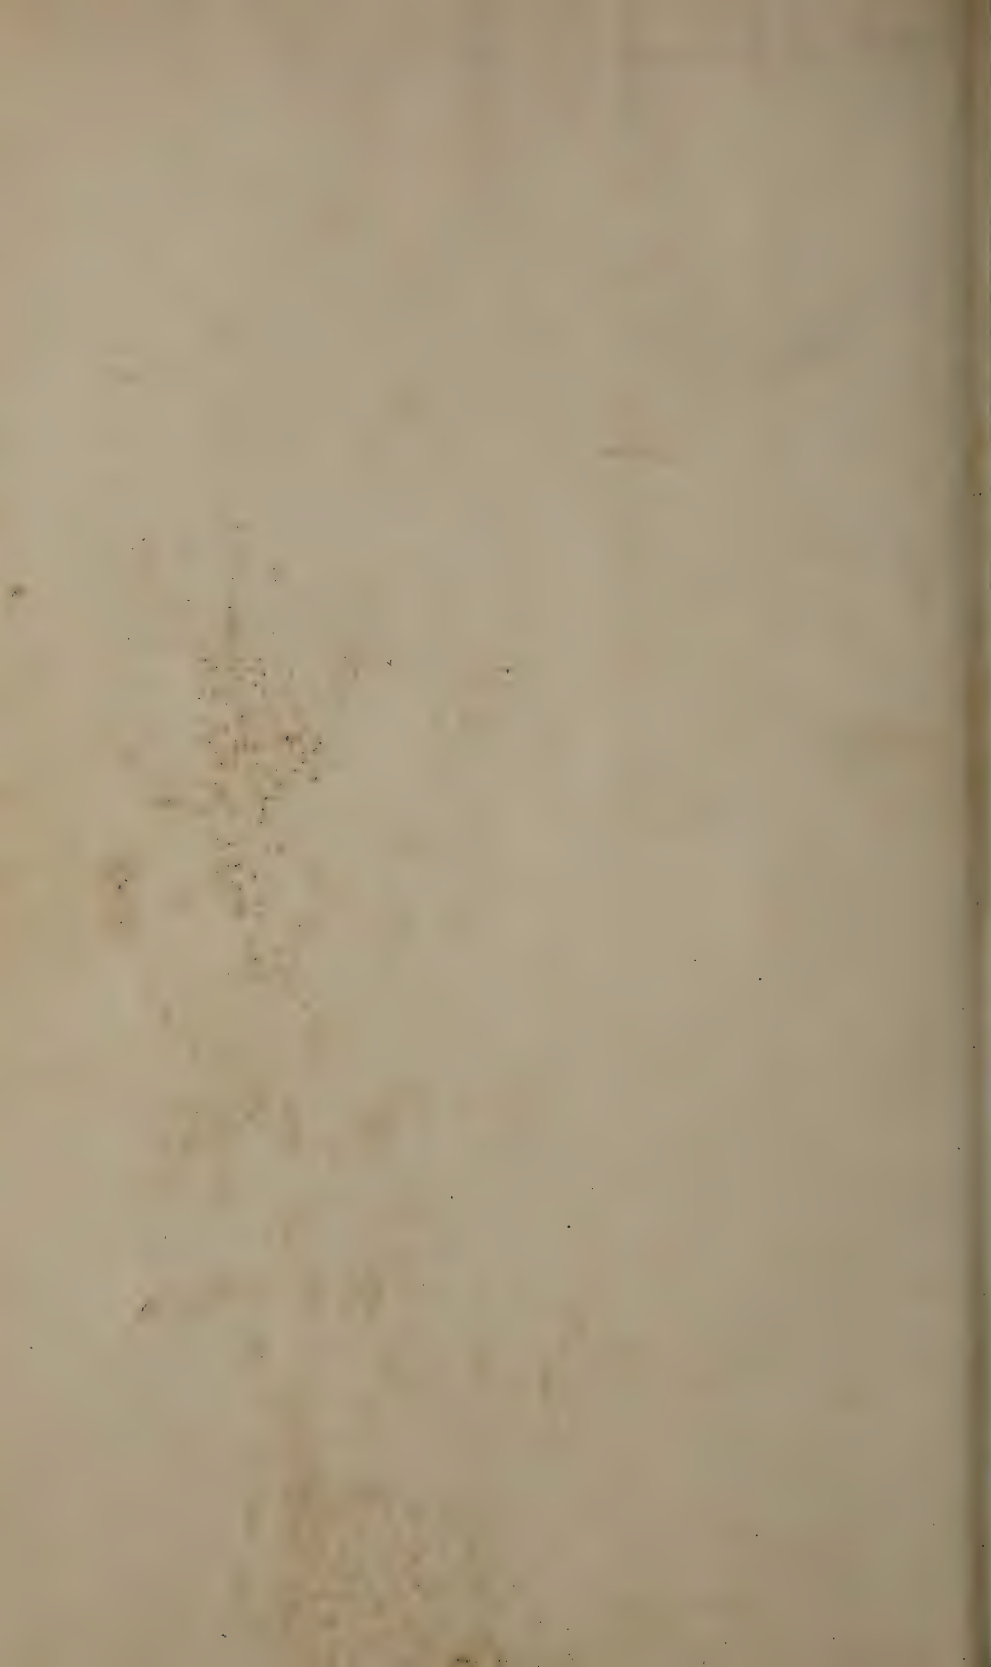

MILFORD E. BEAL,
GEORGE H. MOSHER,
ERNEST F. BUTLER,
BENJAMIN BUTLER,
VINTON E. VOTER,

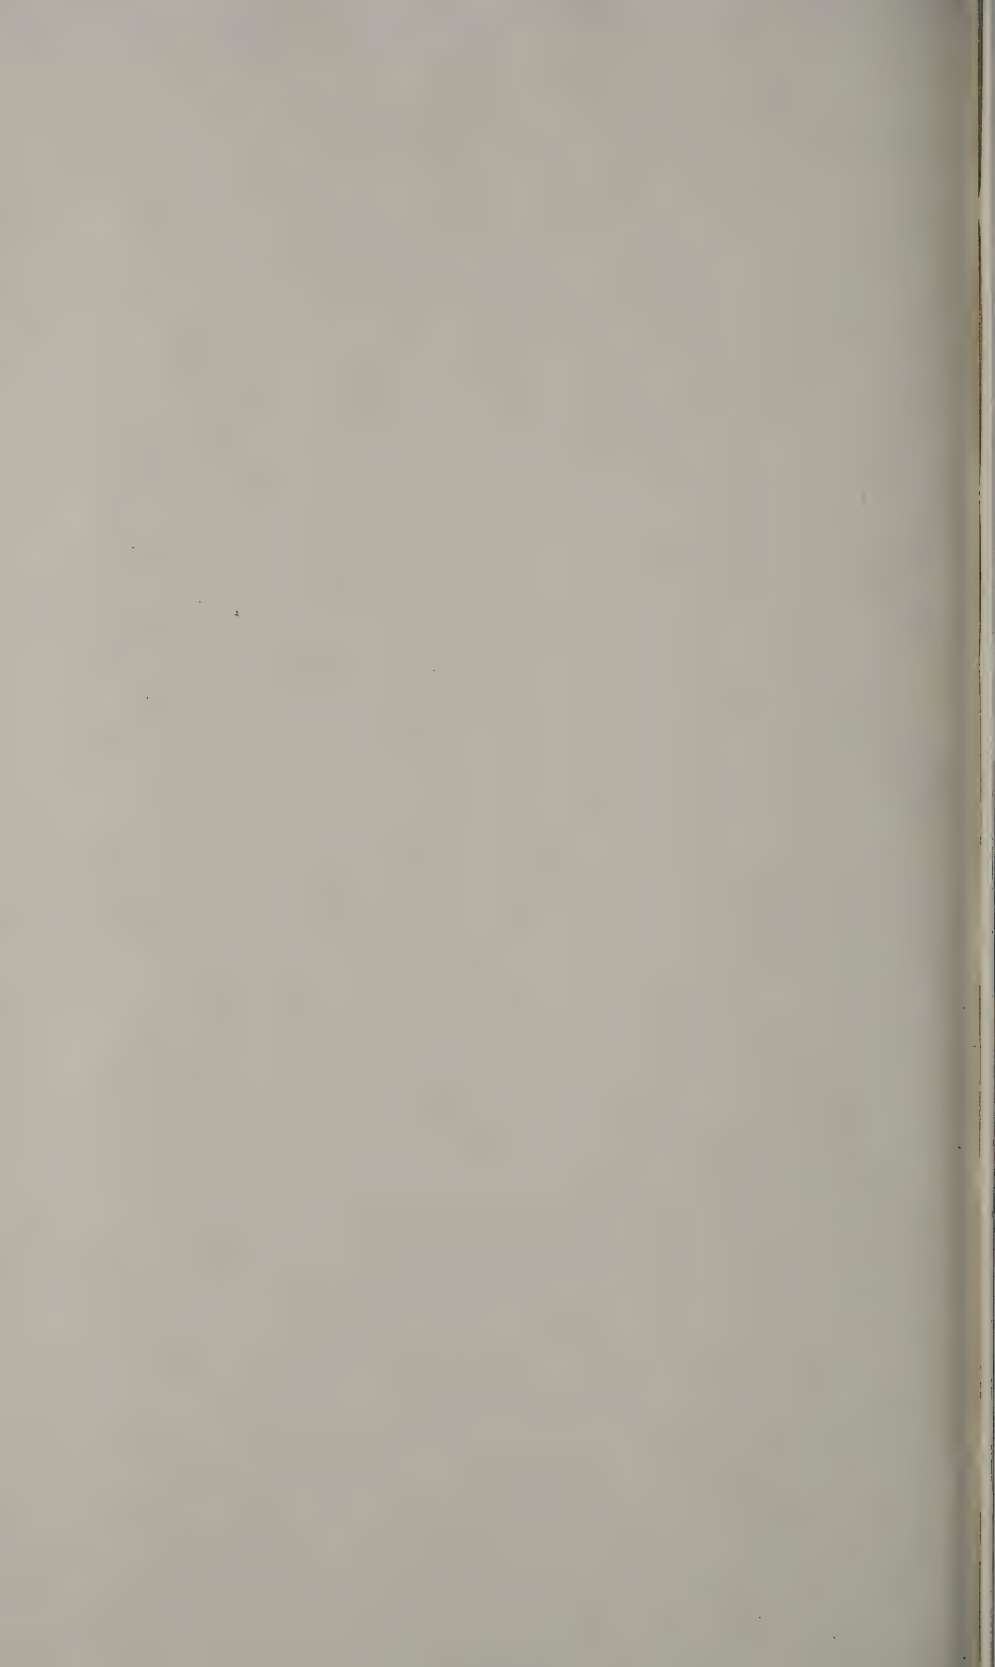

Selectmen of Farmington.
